Louise Monette I believe the facts have been presented and continue to do so.
Who knows because they refuse to answer to just me. Strange eh? they are even messaging friends of mine at the very moment and think it will make a difference in perception of my honorable stance. You have no idea of the deception but a hint is when they do not answer questions from a viewer that put things together. They msg me and say "There is a lot more in play here then you realize!".
I see the effects of their actions as a freedom advocate and asked them to explain themselves. And I am the causing divisions? absolutely laughable that this is only my opinion. Others just do not want to stand up and say anything as they feel just as our government made us feel in the first place.

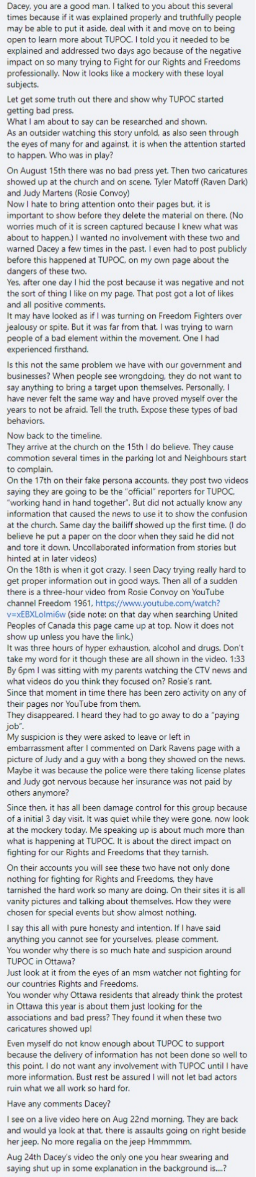
Cat Turp It seems what I posted under Judy explaining and asking for answers SHE DELETED and CHIS too.
Sorry if there is any confusion but here it is again and also the one I wrote on her page.

I am getting very frustrated on how some are ruining all the hard work REAL Rights and Freedom advocates are doing.

The professionals challenging and bringing to light so many disturbing facts from the last few years getting sabotaged by a few very unprofessional individuals. 😔



Dacey, you are a good man. I talked to you about this several times because if it was explained properly and truthfully people may be able to put it aside, deal with it and move on to being open to learn more about TUPOC. I told you it needed to be explained and addressed two days ago because of the negative impact on so many trying to Fight for our Rights and Freedoms professionally. Now it looks like a mockery with these loyal subjects.

Let get some truth out there and show why TUPOC started getting bad press.
What I am about to say can be researched and shown.
As an outsider watching this story unfold, as also seen through the eyes of many for and against, it is when the attention started to happen. Who was in play?

On August 15th there was no bad press yet. Then two caricatures showed up at the church and on scene. Tyler Matoff (Raven Dark) and Judy Martens (Rosie Convoy)
Now I hate to bring attention onto their pages but, it is important to show before they delete the material on there. (No worries much of it is screen captured because I knew what was about to happen.) I wanted no involvement with these two and warned Dacey a few times in the past. I even had to post publicly before this happened at TUPOC, on my own page about the dangers of these two.
Yes, after one day I hid the post because it was negative and not the sort of thing I like on my page. That post got a lot of likes and all positive comments.
It may have looked as if I was turning on Freedom Fighters over jealousy or spite. But it was far from that. I was trying to warn people of a bad element within the movement. One I had experienced firsthand.

Is this not the same problem we have with our government and businesses? When people see wrongdoing, they do not want to say anything to bring a target upon themselves. Personally, I have never felt the same way and have proved myself over the years to not be afraid. Tell the truth. Expose these types of bad behaviors.

Now back to the timeline.
They arrive at the church on the 15th I do believe. They cause commotion several times in the parking lot and Neighbours start to complain.
On the 17th on their fake persona accounts, they post two videos saying they are going to be the "official" reporters for TUPOC, "working hand in hand together". But did not actually know any information that caused the news to use it to show the confusion at the church. Same day the bailiff showed up the first time. (I do believe he put a paper on the door when they said he did not and tore it down. Uncollaborated information from stories but hinted at in later videos)
On the 18th is when it got crazy. I seen Dacy trying really hard to get proper information out in good ways. Then all of a sudden there is a three-hour video from Rosie Convoy on YouTube channel Freedom 1961, https://www.youtube.com/watch?v=xEBXLoImi6w (side note: on that day when searching United Peoples of Canada this page came up at top. Now it does not show up unless you have the link.)
It was three hours of hyper exhaustion, alcohol and drugs. Don't take my word for it though these are all shown in the video. 1:33
By 6pm I was sitting with my parents watching the CTV news and what videos do you think they focused on? Rosie's rant.
Since that moment in time there has been zero activity on any of their pages nor YouTube from them.
They disappeared. I heard they had to go away to do a "paying job".
My suspicion is they were asked to leave or left in embarrassment after I commented on Dark Ravens page with a picture of Judy and a guy with a bong they showed on the news. Maybe it was because the police were there taking license plates and Judy got nervous because her insurance was not paid by others anymore?

Since then, it has all been damage control for this group because of a initial 3 day visit. It was quiet while they were gone, now look at the mockery today. Me speaking up is about much more than what is happening at TUPOC. It is about the direct impact on fighting for our Rights and Freedoms that they tarnish.

On their accounts you will see these two have not only done nothing for fighting for Rights and Freedoms, they have tarnished the hard work so many are doing. On their sites it is all vanity pictures and talking about themselves. How they were chosen for special events but show almost nothing.

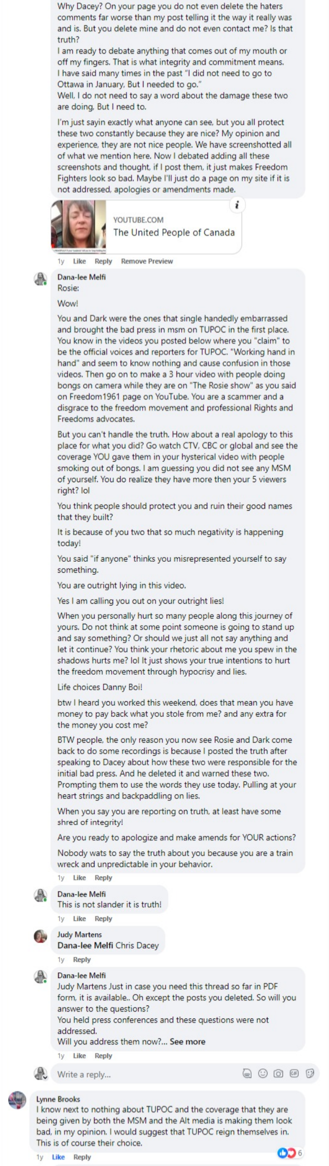
I say this all with pure honesty and intention. If I have said anything you cannot see for yourselves, please comment.
You wonder why there is so much hate and suspicion around TUPOC in Ottawa?
Just look at it from the eyes of an msm watcher not fighting for our countries Rights and Freedoms.
You wonder why Ottawa residents that already think the protest in Ottawa this year is about them just looking for the associations and bad press? They found it when these two caricatures showed up!

Even myself do not know enough about TUPOC to support because the delivery of information has not been done so well to this point. I do not want any involvement with TUPOC until I have more information. Bust rest be assured I will not let bad actors ruin what we all work so hard for.

Have any comments Dacey?

I see on a live video here on Aug 22nd morning, They are back and would ya look at that, there is assaults going on right beside her jeep. No more regalia on the jeep Hmmmmm.

Aug 24th Dacey's video the only one you hear swearing and saying shut up in some explanation in the background is....?



Why Dacey? On your page you do not even delete the haters comments far worse than my post telling it the way it really was and is. But you delete mine and do not even contact me? Is that truth?
I am ready to debate anything that comes out of my mouth or off my fingers. That is what integrity and commitment means.
I have said many times in the past "I did not need to go to Ottawa in January, But I needed to go."
Well, I do not need to say a word about the damage these two are doing, But I need to.

I'm just sayin exactly what anyone can see, but you all protect these two constantly because they are nice? My opinion and experience, they are not nice people. We have screenshotted all of what we mention here. Now I debated adding all these screenshots and thought, if I post them, it just makes Freedom Fighters look so bad. Maybe I'll just do a page on my site if it is not addressed, apologies or amendments made.

Rosie:

Wow!

You and Dark were the ones that single handedly embarrassed and brought the bad press in msm on TUPOC in the first place. You know in the videos you posted below where you "claim" to be the official voices and reporters for TUPOC. "Working hand in hand" and seem to know nothing and cause confusion in those videos. Then go on to make a 3 hour video with people doing bongs on camera while they are on "The Rosie show" as you said on Freedom1961 page on YouTube. You are a scammer and a disgrace to the freedom movement and professional Rights and Freedoms advocates.

But you can't handle the truth. How about a real apology to this place for what you did? Go watch CTV, CBC or global and see the coverage YOU gave them in your hysterical video with people smoking out of bongs. I am guessing you did not see any MSM of yourself. You do realize they have more then your 5 viewers right? lol

You think people should protect you and ruin their good names that they built?

It is because of you two that so much negativity is happening today!

You said "if anyone" thinks you misrepresented yourself to say something.

You are outright lying in this video.

Yes I am calling you out on your outright lies!

When you personally hurt so many people along this journey of yours. Do not think at some point someone is going to stand up and say something? Or should we just all not say anything and let it continue? You think your rhetoric about me you spew in the shadows hurts me? lol It just shows your true intentions to hurt the freedom movement through hypocrisy and lies.

Life choices Danny Boi!

btw I heard you worked this weekend, does that mean you have money to pay back what you stole from me? and any extra for the money you cost me?

BTW people, the only reason you now see Rosie and Dark come back to do some recordings is because I posted the truth after speaking to Dacey about how these two were responsible for the initial bad press. And he deleted it and warned these two. Prompting them to use the words they use today. Pulling at your heart strings and backpaddling on lies.

When you say you are reporting on truth, at least have some shred of integrity!

Are you ready to apologize and make amends for YOUR actions?

Nobody wats to say the truth about you because you are a train wreck and unpredictable in your behavior.

I think Dana has a point here. I haven't been following what's going on in ottawa closely but as a casual watcher - it's not looking good for us at all. I know we have all this fire and passion still inside us to fight for what's right but I believe in picking our battles right now and putting our best face forward. From what I've seen from livestreams, it does not look good on us. More importantly, we must stop the division within the movement. By 6pm I was sitting with my parents watching the CTV news and what videos do you think they focused on? Rosie's rant.
Since that moment in time there has been zero activity on any of their pages nor YouTube from them.
They disappeared. I heard they had to go away to do a "paying job". My suspicion is they were asked to leave or left in embarrassment after I commented on Dark Ravens page with a picture of Judy and a guy with a bong they showed on the news. Maybe it was because the police were there taking license plates and Judy got nervous because her insurance was not paid by others anymore?
Since then, it has all been damage control for this group because of a initial 3 day visit. It was quiet while they were gone, now look at the mockery today. Me speaking up is about much more than what is happening at TUPOC. It is about the direct impact on fighting for our Rights and Freedoms that they tarnish.
On their accounts you will see these two have not only done nothing for fighting for Rights and Freedoms, they have tarnished the hard work so many are doing. On their sites it is all vanity pictures and talking about themselves. How they were chosen for special events but show almost nothing.
I say this all with pure honesty and intention. If I have said anything you cannot see for yourselves, please comment.
You wonder why there is so much hate and suspicion around TUPOC in Ottawa?
Just look at it from the eyes of an msm watcher not fighting for our countries Rights and Freedoms.
You wonder why Ottawa residents that already think the protest in Ottawa this year is about them just looking for the associations and bad press? They found it when these two caricatures showed up!
Even myself do not know enough about TUPOC to support because the delivery of information has not been done so well to this point. I do not want any involvement with TUPOC until I have more information. Bust rest be assured I will not let bad actors ruin what we all work so hard for.
Have any comments Dacey?
I see on a live video here on Aug 22nd morning. They are back and would ya look at that, there is assaults going on right beside her jeep. No more regalia on the jeep Hmmmmm.
Aug 24th Dacey's video the only one you hear swearing and saying shut up in some explanation in the background is....?
Why Dacey? On your page you do not even delete the haters comments far worse than my post telling it the way it really was and is. But you delete mine and do not even contact me? Is that truth?
I am ready to debate anything that comes out of my mouth or off my fingers. That is what integrity and commitment means.
I have said many times in the past "I did not need to go to Ottawa in January, But I needed to go."
Well, I do not need to say a word about the damage these two are doing, But I need to.
I'm just sayin exactly what anyone can see, but you all protect these two constantly because they are nice? My opinion and experience, they are not nice people. We have screenshotted all of what we mention here. Now I debated adding all these screenshots and thought, if I post them, it just makes Freedom Fighters look so bad. Maybe I'll just do a page on my site if it is not addressed, apologies or amendments made.

Dana-lee Melfi thanks Dana!! I have felt the same way. Saw nothing but high people in videos don't want to say any names but you are in deep conversations with one of them lol. Very disappointed and disgusted. So much division. Happening here in Nova Scotia. I wish I could go back to February and get another hug from you❤️❤️❤️

Dana-lee Melfi
Gina Lynn Rushton Thank you for the input and kind words. It is what is needed to fix the division. ✌️❤️

Gina Lynn Rushton
Dana-lee Melfi your welcome. The truth needs to come out!! Period!

Rosie:

Wow!

You and Dark were the ones that single handedly embarrassed and brought the bad press in msm on TUPOC in the first place. You know in the videos you posted below where you "claim" to be the official voices and reporters for TUPOC. "Working hand in hand" and seem to know nothing and cause confusion in those videos. Then go on to make a 3 hour video with people doing bongs on camera while they are on "The Rosie show" as you said on Freedom1961 page on YouTube. You are a scammer and a disgrace to the freedom movement and professional Rights and Freedoms advocates.

But you can't handle the truth. How about a real apology to this place for what you did? Go watch CTV, CBC or global and see the coverage YOU gave them in your hysterical video with people smoking out of bongs. I am guessing you did not see any MSM of yourself. You do realize they have more then your 5 viewers right? lol

You think people should protect you and ruin their good names that they built?

It is because of you two that so much negativity is happening today!

You said "if anyone" thinks you misrepresented yourself to say something.

You are outright lying in this video.

Yes I am calling you out on your outright lies!

When you personally hurt so many people along this journey of yours. Do not think at some point someone is going to stand up and say something? Or should we just all not say anything and let it continue? You think your rhetoric about me you spew in the shadows hurts me? lol It just shows your true intentions to hurt the freedom movement through hypocrisy and lies.

Life choices Danny Boi!

btw I heard you worked this weekend, does that mean you have money to pay back what you stole from me? and any extra for the money you cost me?

BTW people, the only reason you now see Rosie and Dark come back to do some recordings is because I posted the truth after speaking to Dacey about how these two were responsible for the initial bad press. And he deleted it and warned these two. Prompting them to use the words they use today. Pulling at your heart strings and backpaddling on lies.

When you say you are reporting on truth, at least have some shred of integrity!

Are you ready to apologize and make amends for YOUR actions?

Nobody wats to say the truth about you because you are a train wreck and unpredictable in your behavior.

And to make things more interesting Judy Martens was NEVER part of the freedom Convoy to Ottawa in the first place. She has inserted herself and people have contacted me that have noticed the same. Kind of like Dark whoever. He barely existed before Jan 19th when he created 3 accounts that day. His backstory is weak. It really makes one wonder about the motivations and differences that people that were standing for truth and justice and those looking for a free ride and exposure.

Judy Martens Sometime truth causes division because if you don't believe my truth you are divided.

You still have zero explanations or words just memes!
I cared for you as a friend and helped you. What you did was like an ex and are actually using it just by saying it. wow you are uncredible!

I'm sorry but WE ALL look like bloody fools. I am so embarrassed right now, as everyone not fighting our fight... thinks we are a bunch of idiots. I have been trying to figure out what TUPOC has to do with us since this bull crap first started. I personally do not watch Main Stream Media, but have been getting so many people messaging and texting me, so have had to watch this clown show. The live streams are also unbelievable. Dacey, I like your live streams and love that you are all over the place, but in all honesty you are getting to involved with these people and it's not fighting our fight for freedom anymore. You are now fighting for the church and against the people in the community. There should be no sides with you reporting except for our Freedom. Our fight is against the government. Please stay focused Chris Dacey Chris. This is so important to us all. We All Want The Same Thing. There should not be bickering back and forth between us all. Fight the good fight people and let's all do this together ❤️

Judy Martens You like to say I'm spreading hate. But it is just the opposite.
I have proven myself to be a friend. When I start getting contacted because of my associations, I must look at what others are seeing.
I am concerned and have communicated that to you.
You have slandered me in the whispers and expect me not to question your motivation.
You wanted to be a personality but that comes with responsibility.
Are you willing to answer to the questions of YOUR conduct is the question you hide from. Behind others and memes.
Take a moment in that hysteria to sit and read what I wrote and respond. Take out the delusions that it is about jealousy.
Take some accountability? Oh and Rosie Convoy too!

Oh Judy your last video says it all. it's all about you. You are happy the paper is going to do a piece on you? I wonder if they see through the deception?
You come on and report nothing once again just to hype yourself up with zero information. I have provided the information below that you should know since you have made a total mockery of that well intentioned place.
You still refuse to take any responsibility for any of your actions and dismiss them as haters and trolls.
Oh look no costumes today. You must be learning.
Hope people see through your deception.
Your ignorance is Bliss to you and very dangerous to many others.
Soon you will be out of there and go back to your field of bones if you weren't actually kicked from there too.

BTW We knew you would delete many of your comments and posts because you bring shame to so many. It's OK cause if you don't take accountability for your actions it is all avaliable in pdf form.
All ya have to do is a public apology and admit you see the damage you have caused.
Problem is that it won't make in on msm like the clown show, will it?
Or can Peace-Man make that happen? You had better make it authentic and truthful or you get no more help from me.

"Essentially, it's a fairly straightforward civil matter between 2 parties. Although, there is potential for both civil and criminal matters that can arise.
For example, did TUPOC knowingly sign that contract without having the $100,000 secured, or knowing where it was coming from?
So there really serious questions here. This can all be avoided by them vacating the property ASAP, then no need for the court order.
But if it goes to court, it opens potential vulnerabilities that can be exploited. It's not good for TUPOC no matter how you boil it down.
So we have to just sit by and watch it unfold."

"TUPOC entered into a contract to purchase the building, with an agreement to lease the space while the purchased completed.
As per the contract, they were required to make 3 payments equaling $100,000 by August 10, 2022. They failed to do so, and defaulted on the contract.
The lease was part of the purchase agreement, so when the purchase fell through, so did the lease.
When the money wasn't in place by August 10, the seller has the legal right to take back possession of the property immediately, which includes changing locks. However, the tenants are given the required by law 5 business day notice to remove all belongings, that's what the bailiff was there for.
If the tenant doesn't vacate by the 5 day warning, then a court order is applied for forcible removal, that's where we are today.
The owners only need to prove the $100,000 wasn't paid by the deadline to show default of the contract, in order to get the court order.
The contract shows a date of Sept 10 to vacate, so watch for that as more information becomes public."

Opinion.

Hope this helps.

Jackasses is all it is and people had better wake the hell up. I am tempted to take a carload of Freedom Fighters down there and bitch slap every single one of them out. Just for making the rest of us look like fools on National News. You guys are a disgrace to this movement and make me sick to my stomach.

So it appears Owner says in affidavit that he terminated lease on Sept 10th and will provide evidence to support. That makes sense.

The circus and improper way it was addressed, reported and perceived was accountable to a very few. Just facts dude. That refused to be answered to. That shows something.

Jamie Whitmore Thank you. I am not the bad person they are trying to make others perceive. They answer to nothing or nobody even when I take risk to call them out.
Heck many of the trouble makers We're never in Ottawa in January and do not know the feelings and the truth that we were fighting for. That whole church thing those poor people trying to do good things being infiltrated by rosy convoy and Dark whatever. Next thing you know it's all over national and International news (that is all she cares about) the association of the church with the convoy was made. It was directly because of her and him saying that they were they were the official reporters for the church and their vehicles with flags.
Before they got there there was 0 stories on national news about this church. 0 video of people running around acting dumb. Or people hosting lives for three hours In hypertension alcohol and drugs. It is exactly what they used on the news.
Anyways they still refuse to answer to to the actions that has caused so many people harm. They are trying to spin it on me and saying I am causing the harm. Nobody else wants to touch them with a 10' Pole or say the truth on their pages because they don't want targets on their back. Does that sound like freedom family? Does that sound like what we were fighting for in Ottawa?

Is one last thing. I am talking from experience about The deception and my personal experiences with these people. I treated people very good and with respect. That is far from what I got in return after all my help.
Rosie even tried to pull out the you're harassing a woman thing yesterday on me.
They will go to no lengths to try to spin it as me as a crazy ex. Well I'm sorry but she was a parasite not an ex.
