Your application for Minnesota Nonprofit Sales and Use Tax - Exempt Status

The Minnesota Department of Revenue received your application for Minnesota Nonprofit Sales and Use Tax – Exempt Status. As part of the application process, we assigned your organization a Minnesota Tax ID Number 6950928.

Why was I assigned a Minnesota ID Number?

We use the Minnesota Tax ID number to track the status of your application.

If your application is approved, this Minnesota ID Number will be your exempt status identification number. This will be a use tax only account with no filing requirements unless, you buy an item outside your tax exempt purpose.

If your application is denied or closed, this Minnesota Tax ID Number will remain assigned to you. Any organization that has a presence in Minnesota and does not make taxable sales will have a Minnesota Use tax account. A use tax only account has no filing requirement unless you buy items without paying sales tax. If you do not have a presence in Minnesota, you may have the account closed. See Revenue Notice #00-10, sales and use tax – Nexus Standards, for more information.

What if I have questions?

If you have questions please contact us.
