On October 10th, seven Mobsters headed for the Daytona Beach area to visit "Hanksters and the

Daytona Speedway Museum". We gathered at MeMaw's and together (van rental) at approximately 7:30 a.m. headed north. Our first destination was the Hanksters location on U.S. 1. This was Hanksters fairly new store where they take in customer cars and do specific modifications as requested. We were quite lucky as that particular Saturday they had a car show. (See pics below.) (Note- we had the Terry Anderson family join us for the show)

Now on to the Hanksters located on Nova Street. This is the location for their sales of all brands and models of classic cars. Quite a variety of to see. Below are pics of members with their favorite rides that were available...unfortunately some were already marked "SOLD."

fter visiting Hanksters and "ogling" all the classics, it was time to refresh the body and have some eats. Since our next trip was to see the Daytona Speedway Museum, we chose the Cracker Barrel restaurant that was nearby that location. It didn't take but 15 -20 minutes to seat the group. All the food was delicious and it gave us some much needed energy to continue.

We entered the museum and purchased our tickets - we could either pay for entrance into the museum only OR pay for the entrance into the museum AND a guided tour of the track. The majority chose both sites to see. The following are pics of the many sites within the museum and lastly a pic of the tram that toured the track.
