Commercial Rinse Aid

Rinse Aid for Commercial Dishwashers

ABOUT THIS PRODUCT

Ultra Professional™ Rinse Aid causes water from automatic dishwashers to glide off dishes, glassware, and anything else you wash in your automatic dishwasher. This product helps to eliminate water spotting and assists in drying. Performs well with a wide range of water hardness.

FEATURES & BENEFITS

A high quality rinse additive that reduces water surface tension causing water to sheet off dishes, glassware, etc., providing clean, spot-free dishware. It works well in most water conditions, eliminating the concern of water spots remaining on the dishware and to prevent deposition of solids.

DIRECTIONS

This product is designed to be used in the rinse cycle. Remove large, loose soils by spraying with water or scraping. Load dishes. Run machine normally and add this product in rinse cycle. Enjoy spot-free, clean dishes.

PRECAUTIONARY STATEMENTS

CAUTION: EYE IRRITANT. Never mix household chemicals. Do not reuse this container for dispensing beverages or other liquids. **KEEP OUT OF REACH OF CHILDREN.**

First Aid Treatment: if swallowed, give a glassful of water or milk and call the Poison Control Center or a physician immediately. Do not induce vomiting. In case of eye contact, flush with water for 15 minutes. If irritation continues, seek medical attention immediately.
