BRIAN JAMES Was Here

Who Are You?

Brian James, Brandon Ghorley

Verse 1)
On your mark ready set let's go
It's time to start the show
I thought I'd tell you something
You might already know
This is just the beginning so no point in pretending
I just want to hear your point of view

Cuz in the end don't we all want to be unique
Like everybody else
I found the best way to go about doing it
Is by being yourself

Chorus)
Tell me who are you, who Do You think You are
Are you some overnight sensational subculture Superstar
Tell me who are you, I mean do you even know
It's hard to tell sometimes what's right and true
So tell me who are you who, who, who, who who,
tell me who are you who, who, who, who who,
tell me who you are.

Verse 2)
It's a matter of fact kind of thing
I've been giving it some time to think
About who, what and where I've been
I'm not saying that I'm wrong or right
But I ain't afraid to toe the line
When it comes to being forced to fight
Actions speak out louder than words
That's the gospel truth
When you look into a mirror
I mean you have to wonder too

BRIAN
JAMES

Chorus)

Are you some overnight sensational subculture Superstar

Tell me who are you who, who, who,,tell me who are you

Bridge)
I Don't want no trouble
I'm a simple soul
The way that it's been going
makes me wanna know for sure

Chorus)

California King

Brian James, Brandon Ghorley

Verse 1)
He's got glass on the dash and a crown to match

BRIAN
JAMES
WAS HERE

That shimmers like diamonds in the Sun
A paint job on the side of his custom ride
Showing how the West was won
The kingdom rises to their feet
When he comes down the street
Rumble in the road below
They salute the man like his biggest fan
But in their hearts they know.

Chorus)
There's no throne to sit on
No it's all in his mind
It might be a penny
But he'll cost cost you a dime
So bend your knee
and kiss the Ring
Of the California King

Verse 2)
He keeps cans from the trash in a plastic bag
On the corner of Wilshire and Vine
Out among the elite trying to beat the heat
The only thing he has is time
You don't buy, lease or rent in a canvas tent
But said he'd carved at a nice little spot
Well the economies rough and the traffic is tough
But that real estate markets hot
And they'll say

Chorus)
There's no throne to sit on
No it's all in his mind
It might be a penny
But he'll cost cost you a dime
So bend your knee
and kiss the ring
Of the California King

Solo

Chorus)
They'll say
There's no throne to sit on
No it's all in his mind
It might be a penny
The cost is a dime
There's no use in running
When it's your time
So bend your knee
and kiss the ring
Of the California King

Wildflower

Brian James

Verse 1)
She's beautiful and rare
Like a field of wildflowers
Growing strong along the rocky mountain side
She's a fighter and survivor
There's a fire that burns inside her
That makes a path and shows the way.

Chorus)
It took a while to get there
But she never gave up knowing someday
She would grow like a Wildflower
She would grow like a Wildflower

BRIAN

WildFlower

Verse)
There's a color in her eyes
Distracts the kindness in her lies
But when it counts you know she'll set you straight
She's good under pressure
And she'll go to any measure
To protect the ones around her that she loves

Chorus)
Took a while just to get there
But she never gave up knowing someday
She would grow like a Wildflower
She would grow like a Wildflower

Instrumental)

Chorus)
Took a while to get there
But she never gave up knowing someday
She would grow like a Wildflower
She would grow like a Wildflower
My God she's grown like a Wildflower

Medicine

Brian James, Jim Barnes

Verse 1

BRIAN JAMES
WAS HERE

What's going on baby you got me all turned up.
Well I'm cross eyed and tongue tied I can't hide
The mess that I've become.
Since your sweet little laughter
touched a hidden part of my soul
that no one's ever been able to ever reach before.

Chorus)
I know it might sound funny,
But I wouldn't say it if it wasn't true,
You're medicine to a healing soul.

Verse 2)
The more we learn each other,
The more you turn me on.
I'm so consumed with thoughts of you
I just had to sit down and write a song.
You've been living in my mind rent free
And baby we're moving on up.
And all I want are your kisses
That'll be more than enough.

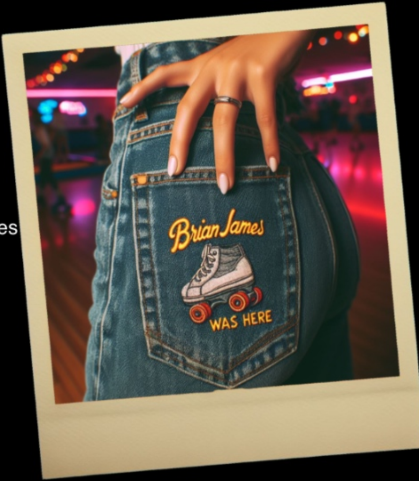
Chorus)
I know it might sound funny,
But I wouldn't say it if it wasn't true,
You're medicine to a healing soul.

Bridge)
Where did you come from baby,
It's almost like you came out of thin air.
I've got to tell you what I'm feeling for you cause
I just can't hold it back no more, no more.

Chorus)
I know it might sound funny,
but I wouldn't say it if it wasn't true,
you're medicine to a healing
you're medicine to a healing
you're medicine to a healing soul.

Disco Roller

Brian James



Well I know, well I know,
Well I know what you're wanting
See I'm pretty good at reading minds
We don't have to say what we're both thinking
when we already know what's in between the lines

Chorus)
So baby go on and put on that little thing
You like to wear and I'll take you there
To the Disco roller ooh ooh ooh
To the Disco roller ooh ooh ooh

Verse 2)

Ya got your skate laced up "Yeah, Yeah"
Ya got your braids done tight "Yeah, Yeah"
Doing your thing in the middle of the roller rink floor all night.
I got the next song pick baby it's off the wall,
Grabbing your hand underneath that shiny disco ball.

Chorus
There's no need to talk
just slide with me from side to side
in a moonwalk glide.
At the Disco roller ooh ooh ooh
At the Disco roller ooh ooh ooh
At the Disco roller ooh ooh ooh
At the Disco roller ooh ooh ooh
Come on

Instrumental)

Tag)
At the Disco roller ooh ooh ooh

Speed of Life

Brian James

Verse 1)
I keep seeing photographs
In my mind that take me back
Anytime I wanna relapse
I just go there.

Verse 2)
Frozen in the dead of winter
I was praying for the warmth of the Sun
But sizzling in the summer
I couldn't wait for Autumn to come
It's the natural cycle of seasons
Nothing's ever meant to stay the same

Chorus)
Lord please grant me the peace
And the strength to face the things I can't
Change
And courage throughout the day, to gain
wisdom from the things I can't change
Oh the things I can't..
Change

Verse 2)
I've been down in the gutters
Looking for a reason to fight
Stumbling blindly through the darkness
I was just searching for a light
Now I don't claim to know all the answers
See I'm still learning myself

Chorus) X2
Lord please grant me the peace
And the strength to face the things I can't
Change
And courage throughout the day, to gain
wisdom from the things I can't change
Oh the things I can't..
Change

I keep vivid memories
I believe it's my identity
Times a precious commodity
Ya gotta spend it while ya can.

Chorus)
Moving at the speed of life keeps ooooooh
Moving at the speed of life ooooooh
There’s no slowing down we’re in it now
Moving at the speed of life ooooooh

Verse 3)
Don’t look back it’s far away
You keep living in that yesterday
I’m just trying to find a better way
From the cradle to the grave

Chorus)
Moving at the speed of life ooooooh
Moving at the speed of life ooooooh
There’s no slowing down we’re in it now
Moving at the speed of life ooooooh

Bridge)
Every Minute that were living
It’s not a given no it’s all a big surprise
It's a limited trial and vicious cycle
Of adapt, adjust, revise
I’ve been moving at the speed of life
I’ve been moving at the speed of life

Chorus
Moving at the speed of life ooooooh
Moving at the speed of life ooooooh
There’s no slowing down we’re all in it now
Moving at the speed of life ooooooh

All In My Head

Brian James

Verse 1
Have you ever been laying in bed
Mind racing in your head
It's like you're playing a game
Of connect the dots
Bouncing from thought to thought
You try to retrace your steps
But can't find all the bread crumbs

Chorus)
It's all in my head
At least that's what these voices said

Verse 2
I consume selective information
Feed on positive affirmation
I don't criticize or over analyze
Although I'll have a tendency to
overthink things sometimes

Chorus)
It's all in my head
At least that's what these voices said.
Aaooohh

Solo

Bridge)
Day passed 2-day delivery
When will the Mariners take the series
It's hard to think with all these theories
Oh cause
It's all in my head
It's all in my head
