February 2026 Vol 48 No. 2 MTCNLC.ORG

Congratulations to the latest Apprentice graduates. Our Graduates are completing the Apprenticeship and not only finishing as Skilled Craftspeople but are being better prepared to be the future leaders. We continue to evaluate and make changes to the program so when they graduate they can become the Instructors, Working Leaders, and Mentors that are needed.

Thank you to the people who worked throughout the latest snowstorm to get the shipyard open and ready for us to come back to work. When snow removal operations are underway, be aware of equipment movements sometimes visibility is limited and only use cleared walking surfaces.

The Company will begin adding RIFD strips to badges and RIFD readers. This will first take place within Bldg.600.

We are always looking for Safety Committee backups and Health/Wellness/Benefits advocates. There are also volunteer opportunities with United Way and its' partner agencies. If you are interested in any of the positions, contact your Steward, Chief Steward, or the Metal Trades Council.

As always I appreciate the good work you do. Please work safely.

Fraternally Yours,
Peter E. Baker
President

We've got new hires joining us soon. Please keep an eye out and extend a warm welcome. As they get settled in, they may need some guidance navigating the job.

Please don't forget to notify the Union Hall (860-442-8281) if you change your address, phone number, or name. **We need to have the correct information!**
When you notify the company of these changes they do not give the Union this new information. We appreciate your cooperation in this matter.

REMINDER: If you are out of work on compensation or accident & sickness insurance or any unpaid leave it is your responsibility to pay your dues. If your dues fall behind more than three months, your membership could be suspended. If you are out of work and have any questions regarding your dues, please call the Union Hall at 860-442-8281.

IMPORTANT: It is advised that you notify me one week in advance or as soon as you know when you will be returning to work from any Medical, Compensation or unpaid leave. The company doesn't know if you kept your dues paid up while you were out. Dear Brothers and Sisters,

We are one month into the new year and I must remind everyone to protect and save our entitlement time. Everyone knows how much time off you have based on time of service. In case you don't understanding the rules of our bargaining labor agreement let me clue you in: Vacation Time **cannot** be used like sick time and you can't call in a vacation day (**only sick day**)!

For my fellow brothers and sisters on Final Written Warnings, you know who are and also know that you must be very diligent with your arrival times.

We have a really talented group of employees and our future is looking great.

Congratulations to Hannah Klick for being our apprenticeship graduate. Your hard work and dedication doesn't go unnoticed.

Our next Union Meeting will be held Tuesday, February 10, 2026, 2:45 at the Machinists Hall.

Work Safe and Stay United,

Fraternally,

Sean P. Banks

The Company is continuing their hiring drive, looking anywhere and everywhere, for people to potentially become shipbuilders. A number of 1000 or more into the trades this year is a possible goal . With that also comes the issues of parking spaces, food availability in the yard, shift changes, phone rule changes, lockers, work areas, time clocks, new supervision and management, training for new and current members new supervisors and higher ups, and attendance issues to name a few of the ongoing issues.

There also continues to be confusion with the working hours in the shipyard regarding 10 hour shifts, holiday hours of work, past storm hours, leased labor hours of work versus our members hours of work. It isn't getting any easier, only harder.

When you are issued a job, only proceed if you completely understand the assignment, can work it safely, and follow all the requirements correctly. If for some reason this cant be accomplished, stop let your supervisor know, then proceed under their direction. This should alleviate any mis understandings. When we do a job, do it once, do it right, that's how we continue to accrue new and additional work. Your supervisors should also be following all the rules.

Congratulations go out to our new apprentices graduates: Eveland Brown, Theodore Chafee, Corynne Medina, Diane Potochniak, Christopher Pressler, John Stuart, Ryan Tuohy, Michael Fitzgerald, Donny Luna, Jeffrey Strader Jr.

The next Union meeting is on Feb 26th in Meriden and our next info meeting is on the second Tuesday in March, the 10th, at 1:00 and 3:00.
