Soul Wound Healing Goes Hand-in-Hand with Deliverance

As a prophetic Healing and Deliverance Minister and certified Biblical Counselor, Prophetess & Evangelist, Heather Witt (CBC), will guide you one-on-one through personal soul wound healing to lead you to becoming healed and set-free from past soul wounds and traumas, all through Jesus Christ. This is a must and is non-negotiable in working with our ministry. Soul wound healing goes hand-in-hand with deliverance and the freeing of yourself from demonic oppression and strongholds. Absolute and complete deliverance and spiritual healing and freedom cannot be sustained or take place within an individual if there are still "active" soul traumas and/or open doors and legal rights to the demonic. We will not take an individual through the process of deliverance without guiding them through soul wound healing beforehand. This is crucial and vital for each person who is seeking deliverance and is all a part of the process to attain spiritual freedom and healing.

Soul wound healing and deliverance can take place in the same deliverance session!

What Will Happen During the Deliverance Session?

Deliverance is simply the casting out of demons, and it is done by invoking the Name and the Authority of our Lord and Savior, Jesus Christ. Our process of deliverance begins with having an honest and truthful conversation with an individual to see why the person is seeking healing and deliverance. If the individual is a born-again believer and follower of Jesus Christ, we can then move on with the healing and deliverance session for them. If you are not a Christian and a believer in our Lord and Savior, Jesus Christ, we will not be able to take you through deliverance without you first being led to Christ. You must first surrender your life over to Jesus before you can be set free of the demonic strongholds in your life. Guided by the Holy Spirit, the source(s) and severity of the soul and trauma wounds that are present in the client will be identified and acknowledged, along with the source(s) and extent of demonization and demonic oppression that are in the individual.

The process that follows for Healing & Deliverance is:

I) Prayerfully and prophetically take the individual through spiritual healing of soul wounds.

2) Identify the legal rights for the demonization in the individual.

3) Cast out the demons in Jesus' name!

4) Provide and instruct the individual with self-inner healing prayers for any remaining wounds, and self-deliverance prayers to cast out any remaining demons, as well as continued support if needed.

We offer guidance and intercession to help each individual walk in the spiritual freedom and continued healing that is God's promise for His children. Here at Divine Elevation Ministry, we offer continuing counsel and ministering for each individual if needed after deliverance.
At Divine Elevation Ministry, the entire prophetic deliverance process is always Holy Spirit-led in a caring and safe environment, individualized, one-on-one, personal, and absolutely confidential for each person who comes to us for healing and counseling. There is no judgement or condemnation here, only loving support, as we take you through the healing and deliverance that you need.
