

BALANCING ACT:

MANAGING ENDOCRINE DISEASE IN PRIMARY CARE WITH ANY BUDGET

Learn from the very knowledgeable and pragmatic Professor Mark Dunning, *RCVS & EBVS specialist in Small Animal Internal Medicine!*

Come join us for a day of small group learning through lectures and interesting case-based discussions covering:

- Common endocrine conditions explained
- Typical and atypical Cushing's
- Challenging Addison's cases
- The difficult diabetic
- Options for any budget
- An approach for all medicine cases
