

Have You or A Loved One Been Impacted By Dementia or Other Memory Impairment?

Join our community of people living with (or impacted by) memory loss! We gather weekly to enjoy coffee and pastries in a safe, engaging environment where you'll find comfort, connection, and short-term respite for the mind, body and spirit. Those with cognitive changes will enjoy engaging activities while their care partner connects in a support group. Our community partners and dementia care specialists are here to support you along your journey!
