THE HISTORY OF PIOLA

More than 20years ago in Treviso, Italy, two brothers iniciated a new concept. A pizza store - restaurant in witch they'll extrictly offer simple and authentic italian home made food, served in happy, dinamic and contemporary ambient.
The result of this concept was Piola, witch means in ancient italian dialect "tabern, meeting point". Since then Piola has grown and opened some establishments in different countries such as: Italy, Brasil, Argentina, Chile, Mexico, Turkey, Honduras and United States.
In Piola we will make the effort to be sure that you enjoy everything Piola has offer in the culinary way of life.
