KUALA LUMPUR

ABSOLUTE COLLATERAL

WED 18NOV26
12:00 - 14:00PM

SHERATON IMPERIAL
ESSENCE PRIVATE DINING ROOM

01 OPENING REMARKS

- **Steve Griffiths**, CEO & Founder, Absolute Collateral

12:00

Opening remarks set the context for the Kuala Lumpur roundtable, framing how repo, securities lending, collateral and digital markets are becoming increasingly interconnected, and Malaysia's role in connecting Islamic and conventional finance with the wider Asian and global capital markets.

02 REPO & SEC LENDING

12:10

This session examines the role of repo and securities lending in supporting liquidity, market-making and balance-sheet efficiency, with a focus on the evolution of Malaysia's secured financing markets, participation across conventional & Islamic institutions and greater connectivity with regional and global markets.

03 COLLATERAL & COLLATERAL MANAGEMENT

12:40

This session explores how collateral availability, eligibility, optimisation and mobility increasingly determine liquidity outcomes, and how institutions are evolving collateral management and post-trade infrastructure to improve efficiency, support intraday liquidity and mobilise assets across markets.

04 TRADFI TO DEFI

13:10

This session explores how tokenisation, digital collateral, custody and DLT-based settlement can enhance the movement and use of assets, examining practical institutional use cases and how Malaysia can connect traditional market infrastructure with the next generation of digital financial markets.

05 NETWORKING

13:30

An informal networking session designed to continue the discussion and strengthen connections between banks, buy-side institutions, market infrastructure, technology providers and other market participants supporting the development of Malaysia's secured financing and collateral markets.
