Dear Lessee/ Resident,

RE: STUART TOWER – FIRE SAFETY- FIRE EXIT DOORS

Following the recent fire door inspection, it has been noted that a number of the fire exit doors in the flats have been blocked off.

The door must always be kept clear and accessible. If your door is blocked or sealed in any way, please make arrangements to clear it to provide for exit from the flat, as in the event of a fire this may be your only means of escape.

Yours faithfully

Ann Sullivan
