To Whom It May Concern:

The residential neighborhood known as Florida Gardens, located in unincorporated Palm Beach County directly east of the Florida Turnpike and south of Lake Worth Road, has no Homeowners Association. There are no mandatory Association fees or assessments imposed on any properties in the neighborhood. The only common element is a small neighborhood Clubhouse that is managed by the Florida Gardens Civic Association, the financial support of which is strictly voluntary.

Sincerely,

Mike Misko

President

Florida Gardens Civic Association
