Week 6 – Achievement Night!!

This week we get to show off! Each dog may be at different levels for different behaviors but they all have learned a lot and are continuing to do so. Think how far you've come with your dog and the bond you've created.

Learning doesn't stop with this week. Keep working with your dog, teaching new skills, behaviors and tricks. Find another class that interests you to join. Talk to us about Continuing Education opportunities.

Next at Clever Paws
