Poem
I Miss You

I miss you.
Not just your presence-but the way life felt when you were part of it.
I miss telling you random things.
I miss hearing about your day.
I miss the comfort of knowing you were there.
And maybe, that's what makes missing someone so painful.
It's not always dramatic sadness.
Sometimes, it's just little moments throughout the day
where your heart quietly realizes someone important is absent.
And no matter how much time passes...
some part of me still reaches for you without thinking.

A Moment of Reflection
If This is Goodbye
