

# Are you a young person with a great business or community idea?

Spark can help you make it happen!

Share the Spark Inc. is hosting a business pitch event, similar to the TV show *Shark Tank*. In this event young people will present their ideas in front of an expert panel to win financial backing and professional business assistance.

Spark Tank contestants are segmented in two age brackets, roughly one for 8-16 year olds and one for 17-23 year olds. Contestants work in teams, with at least one of those people in the team going through (or recently gone through) a 'hard time'. They enter submissions outlining their idea to Share the Spark (**deadline for entries is August 15**). Submissions will be evaluated on merit, uniqueness, community involvement etc, and winners will be selected by the Spark Tank Panellists to participate in the actual Spark Tank event in front of a live audience.

The winners for each pitch will receive a 10-week mentorship with an expert to progress their ideas, and **hundreds, or even thousands of dollars of funding will be offered to winning participants.**
