Re: Recommendation for Shannon Primer

To Whom it May Concern,

I highly recommend Shannon Primer. I became acquainted with Shannon when she was a student in at the USD Special Education Advocacy and Law Program. From 2016-2019 Shannon worked for my law office as a Paralegal Advocate.

Shannon is an incredibly talented advocate. She has a unique and very effective style. Shannon is professional, empathetic and collaborative. She is skilled at finding agreements amongst groups. She will point out when a person is nodding or otherwise agreeing with her via body language. In this way she can coax collaboration and positive results for her clients.

Shannon also has skills in drafting, analyzing, and reviewing legislation. She frequently travels to Sacramento to participate in the process of improving laws for individuals with disabilities. She is knowledgeable about the law but does not overstep her expertise or run afoul of ethical rules. She demonstrates excellent judgement.

I frequently recommend Shannon for advocacy work. Clients praise her work and she has been a credit to my law practice.

Sincerely,

Cara Lucier, Esq.
