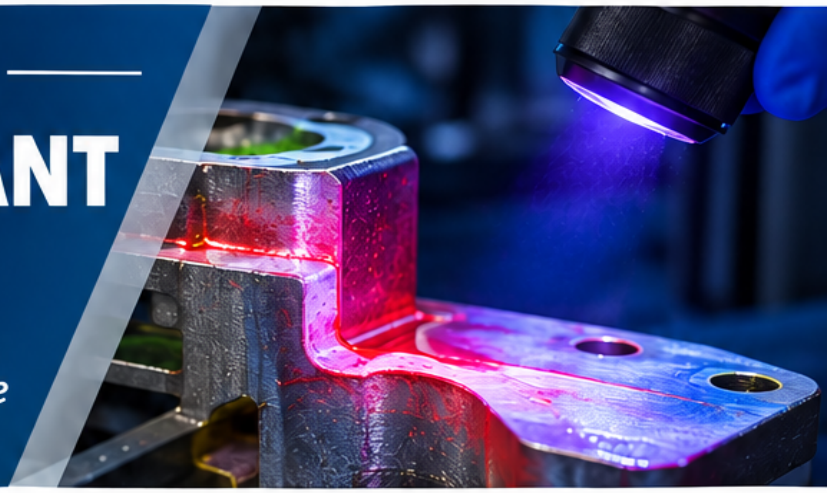
JOB POSTING 10/22/26

NDT PENETRANT INSPECTOR

Help us ensure the highest standards of quality in aerospace manufacturing.



THE OPPORTUNITY

Candidates with current NDT Level II Liquid Penetrant (PT) certification are strongly encouraged to apply. Candidates with prior inspection experience or a good understanding of the penetrant inspection process who are willing to complete the required training, and qualification process will also be considered.

QUALIFICATIONS

- NDT Level II certification in Liquid Penetrant Testing (PT) preferred.
- Previous penetrant inspection experience or knowledge of NDT processes is a plus.
- Ability to read and follow technical procedures and customer specifications.
- Strong attention to detail and the ability to accurately document inspection results.
- Willingness to complete required training and certification requirements, if not already certified.
- Ability to work in a fast-paced aerospace manufacturing environment.

TRAINING

On-the-job training will be provided for candidates who demonstrate the aptitude and ability to learn the process.

Candidates with existing certifications and relevant inspection experience are preferred.
