

## Furniture Assembly Service – By Stan’s Prop

Stan’s Prop specialise in assembling furniture from all of the leading furniture outlets.

Many manufactures sell furniture in pieces which require assembly at home or the office. In most cases the kits come with a lot of fittings, component parts and instructions. Many of these kits are manufactured in different countries making the instructions increasingly difficult to understand or follow making the assembly both time consuming and frustrating, this is where we can help.

Our furniture assembly services are generally charged on a time basis.

Please find as follows a guide to how long we would estimate the assembly of common household furniture to take:

A Two door Wardrobe	1 – 2hrs
A Three door Wardrobe	1.5 – 3hrs
A single bedside table	0.5hrs
A three drawer unit	0.75 – 1.5hrs
Standard dining room table	0.5 – 1hr
Swing or climbing frame	2 – 6hrs
Trampoline	2 – 4hrs

Our charge for this service is £30 for the first half-hour and £15 for any half-hour thereafter\*.

If your items are not listed above, if you provide us with the item/article number and make we should be able to offer you a guide assembly price on request.

\* Price include us removing and disposing of the packaging from your home for up to two items.
