Environment and Energy Usage

The Environment and energy usage policy of AMC Group of Educational Institutions, Manissery is to manage energy in a proper manner to minimize its impact on environment.

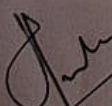

This environment and energy policy encompasses all the components of the Institution and applies to the teaching, non-teaching and student community and to the various activities undertaken by the institution.

The Nature club and Karmasena members of our institution undertake green initiative to protect the Environment.

Policies:

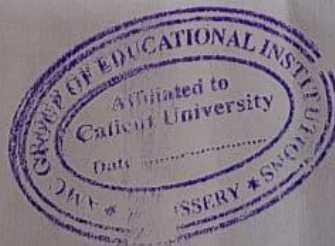

- The institution plans to switch to alternative source of energy (Solar) in order to reduce electricity bill.
- To promote the teaching, non-teaching and student communities to turn off light and fan after use to save energy.
- To promote the teaching and student community to remove plugs from sockets after the use.
- To promote rainwater harvesting in the campus.
- The institution emphasizes the maximum promotion of planting saplings in the campus.
- To add a Butterfly garden in the campus to attract more faunal diversity.
- To encourage students involve in various cleaning challenges in and outside the campus associating with the local self - government.
- To promote Organic vegetable farming in the campus.
- To develop waste management system in the campus.
- Mostly we are using LED bulbs instead of normal lights for energy conservation
- To encourage students to rely public transportation facility rather than private vehicles to reduce air pollution.
- To encourage students to engage in emerging issues related to environment and energy usage.
- To make students and staff aware about the concept of GO Green Campus and to conduct various activities in relation to this.

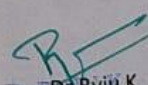

This Policy will be communicated to all the students and staff via internal communication channels and will be made available on the Institutional Website. The Environment and energy policy objectives, and its targets will be reviewed on a regular basis by the Nature club coordinator and its members under the guidance of the Principal of the College.
