A new person in the office...

After retiring from teaching, I'm excited to embrace fresh new challenges. For the past few years, I've served as an ice technician, and last year, I decided to formalize this role due to my genuine enjoyment and passion for it. It's true, we encountered hurdles like a plant shutdown and a minor water leak on sheet four. However, rest assured, we've taken proactive measures to minimize any potential disruptions this year – let's keep our fingers crossed for smooth operations! With a proud 25-year history as a devoted club member, I've had the privilege of assuming various roles, including director and club president. Our shared success has always been powered by the incredible guidance and support from fellow members. Together, we can look forward to yet another exciting year. Our club is renowned for its unique warmth and camaraderie, making it a truly exceptional place. As we continue to welcome new faces, I encourage everyone to carry forward our tradition of friendliness. When you encounter a fresh smile, take a moment to introduce yourself – this is how we uphold our reputation as the friendliest club in town.

Ross Scott - Optimal Ice Curling Services Ltd.

New Curling Season Coming Soon

The season is soon to be upon us and yes it is hot out so it's hard to think curling but in a month we will be back hitting the ice. Hopefully not too hard. As we're all aware, inflation has touched every aspect of our lives, including our curling club. In response, we've made some refinements to the fee structure to ensure a balanced contribution from each member, promoting fairness and inclusivity.

In the Community

Rotary Book Sale

Happening at the end of the month.

Why Two Names?

A center and a club what is going on at the Centre for Active Living some of you new curlers must be wondering what that is all about. Well in 2009 -2010 the club transformed into its present state. There was a movement in the curling world to make "clubs" be more inclusive so many switched to center. We are still a club/society that runs the curling center. The old building was built by the local community and was a really busy club.

Website Updates

The website is undergoing a gradual transformation throughout the season, so please bear with us if you encounter any hiccups. The registration tab continues to take you to the Curling I/O system. Upon entering your email, a token will be sent to your address for copying and pasting, granting you access to the platform. It is never too late to purchase a membership -located in the products sections. The more you curl the more you save!

If you are unable to register due to a change in email just send manager@peacearchcurling.com a message with what is happening and I can reset the system with the correct email. Last year many of you had to register at the club and that will remain an option on the Sept. 9th meet and greet.

Volunteers needed

The club needs you to help out.

School Program- am and pm

Rental instructors

Decorating

League reps -bonspiels

Board of directors

Odd jobs around here - like recycling

A major need in the upcoming future in a capital improvement committee. Sadly our infrastructure is aging and we need to begin the process of fundraising. If you have skills in this area please reach out to the board or the manager.
