

(Whitby, ON) – On Thursday, local MPP Lorne Coe stopped by the Charles H. Best Diabetes Centre (Best Centre) and formally congratulated the team there on the work that's been done as a result of receiving a \$20,000 Resilient Community Fund grant from the provincial government's Ontario Trillium Foundation (OTF). The grant, awarded last spring, has enabled the Best Centre to complete an audit of its development office and fundraising events.

Diabetes Centre is at the forefront of meeting the needs of our local children, youth and adults living with type 1 diabetes," said Lorne Coe, MPP for Whitby and Parliamentary Assistant to the Premier. "Our government proudly supports the Charles H. Best Diabetes Centre's innovative work which ensures residents living with type 1 diabetes in Whitby and other parts of the Region of Durham have the lifelong care they need, when and where they need it. Since 2018, non-profit organizations in Whitby have received approximately \$3.9 million

MALE AND FEMALE FACING 40 CHARGES IN FRAUD TARGETING SENIORS

A male and female are facing 40 charges for fraud related offences targeting seniors in Durham Region. On Thursday, April 4, 2024, members of the Financial Crimes Unit, with the assistance of York Regional Police, arrested a male and female after concluding an investigation into numerous fraud related offences that targeted seniors in Durham Region.

Victims, including a 90-year-old couple, received phone calls from the suspects pretending to be their banking and credit card companies. The victims were led to believe their accounts were compromised. A courier was sent to the victim's homes to retrieve their bank cards and passwords, which were then used for fraudulent purchases.

Lakshanth SELVARAJAH, age 27 from Ajax is charged with numerous offences including: Theft of Credit Card x6, Fraud Over \$5000 x3, Fraud under \$5000 x5, Unauthorized Use of Credit Card Data x8, Possess Credit Card Obtained by Crime x6, Possess Identity Info with Inference x3, and Possess Identity Document of Another.

Akshayah THARMAKULENTHIRAN, age 25 from Ajax is charged with numerous offences including: Fraud Over \$5000 x2, Fraud Under \$5000 x2, and Unauthorized Use of Credit Card Data x4.

THE CHARLES H. BEST DIABETES CENTRE CELEBRATES ITS ACCOMPLISHMENTS THANKS TO A \$20,000 ONTARIO GOVERNMENT GRANT

from the Ontario Trillium Foundation."

As a registered charity, the Best Centre must fundraise 25 per cent of its operating costs and 100 per cent of its capital costs. As the demand for services increases, so does the need to grow and fundraise.

Thanks to this OTF grant, the Best Centre is better equipped to close this gap and raise the funds needed to continue to offer state-of-the-art care and education to the community of type 1 diabetes.

"Like many charities in Canada, the work to raise funds for building expansion has changed with new pressures and increased costs," explains Lorrie Hagen, Executive Director at The Charles H. Best Diabetes Centre. "As we navigate the post-pandemic state of affairs, the support of our community is even more important."

The Best Centre's mission is to keep children, youth and adults living with type 1 diabetes healthy until a cure is found. Healthcare educators provide an all-encompassing

and lifelong approach to support and empower patients and families to self-manage.

"We are committed to addressing the needs of our members," said Serge Babin, Chairman of the Board of Directors. "OTF's funding will allow us to plan for a future in continuing to provide services that are accessible to all patients and families."

The Best Centre delivers one-of-a-kind patient-centred healthcare exclusive to type 1 diabetes.

As Canada's only stand-alone centre and charitable organization specializing in type 1 diabetes, the staff provides highly responsive and individualized care. The interdisciplinary care team includes registered nurses, dietitians and social workers who provide frontline healthcare and education throughout patients' lifetime.

"Non-profit organizations across Ontario deliver programming that makes a differ-

ence," said Neil Lumsden, Minister of Tourism, Culture and Sport. "That's why funding that my ministry is providing through the OTF is so important. Our government wants to ensure that these programs and spaces remain the heart of communities across our province."

The Ontario Trillium Foundation (OTF) is an agency of the Ontario government with a mission to build healthy and vibrant communities across the province. Last year, OTF invested more than \$110M into 1,044 community projects and multi-sector partnerships. Projects aim to enhance economic well-being, foster more active lifestyles, support child and youth development, provide spaces for people to come together and connect, and create a more sustainable environment. DID YOUKNOW?

• Type 1 diabetes is an incur-

able, complex disease. It must be managed 24-hour a day, seven days a week, 365 days a year. Without insulin, death is certain.

• Type 1 diabetes is a disease in which the pancreas does not produce any insulin. Insulin is an essential hormone that is required to control the level of glucose (sugar) in the blood.

• The Charles H. Best Diabetes Centre sees roughly 2,000 patients and conducts more than 28,000 healthcare interactions per year to support patients living with type 1 diabetes.

• Roughly 5-10 per cent of people living with diabetes have type 1 diabetes, insulin-dependent diabetes. Type 1 diabetes generally develops in childhood or adolescence but is also diagnosed in adulthood. People with type 1 need to inject insulin or use an insulin pump to ensure their bodies have the right amount of insulin to survive.
