INGINO INITIATIVE NEWS

To all the members of the Shop Downtown Oshawa "INGINO" initiative thank you for participating in something that has grown to now 70 members and growing.

To the general public at large reading this. Let this be my personal invitation to explore the many great shops and services Oshawa downtown has to offer. I always as the same question... Why shop at the MALLS and pay a premium? It does not make sense.

Oshawa downtown is slowly coming back from years of neglect by the City. At one point there was over 60% vacancy downtown Oshawa. Someone had to do something. This is why The Central newspaper took the initiative to our core.

Today, our downtown is beginning to see life. There still a lot of work to be done. Like negotiating with the city special downtown merchant hydro rates. Special parking solutions. Create a city funded advertising and promotion.

An election is around the corner and these important factors will surely become an issue as we the taxpayer need to invest in our downtown merchants.

Remember visit downtown Oshawa first and keep Oshawa downtown number one in your shopping priorities.
