

# Shoulder Pain?

Does your shoulder pain build up when you move it wrong or is it a sudden sharp pain shooting from your neck into your arm?

Do you have difficulty just washing your hair or even scratching your back? Have you had to give up golf because of your shoulder pain?

Nothing's worse than feeling great mentally, but physically feeling held back from life because your shoulder hurts and the pain just won't go away!

My name is Kervi Batac, of We-Fix-U Physiotherapy and Shoulder Relief Centre. Over the past 14 years since we've opened the doors, I've seen hundreds of people with shoulder pain; tendonitis, torn muscles and rotator cuff problems leave the office with RELIEF.

### Do You Have Any of the Following Conditions?

- Frozen shoulder – one of the worst maladies known to man (and women!)
  - Adhesive capsulitis
  - Rotator cuff injuries
  - Arthritis
  - Bursitis
  - Tendonitis
  - Muscle weakness
  - Sharp, radiating pain
  - Numbness and tingling

### Shoulder Pain Is Not Just 'Old Age'

No question... if you are having shoulder pain then something is wrong. It's not normal ageing to hurt all the time. Pain in your shoulder isn't just a 'sign of old age', if that was true all 360 joints in your body would hurt, since your whole body is the same age.

Pain is your body's warning sign telling you something is wrong. Finding the problem and fixing it has got to be a top priority!

### Have An Evaluation of Your Shoulder Today and get \$35 off.

Just call before March 19th and here's what you'll get... An in-depth consultation about your shoulder where I will listen...really listen. A complete nerve, muscle and spinal exam to find the "cause" of your problem. A thorough analysis of your exam findings so we can fix the problem. Why wait and let it get so bad surgery becomes your only option?
