

## A Rich Harvest of Fruits

The Taedonggang Combined Fruit Farm, the country's leading fruit producer, in a suburb of Pyongyang, the capital city of the Democratic People's Republic of Korea, is gathering a bumper harvest of fruits this year.

# Mt Chilbo in Korea

Mt Chilbo, located in the northeastern region of Korea, is one of the six celebrated mountains in Korea for the peculiar natural beauty of mountains, valleys, sea and superb scenery presented in each season. The mountain area was registered as a world biosphere reserve in 2014.

### The Coastline Is Undergoing Transformation

The second-stage reclamation of Honggondo tideland and reclamation of the two sections of the Ryongmaedo tideland have recently been completed. Thanks to these projects, 13 000 hectares of land has been obtained, and the coastline in the western area of the DPRK is undergoing transformation.
