* Fun Throughout The Day

Our Preschoolers are taught by School Teachers. We use a thematic based curriculum to prepare our preschoolers for Kindergarten. During free play, the preschoolers have many Learning centers to choose from. (Painting easel, sand table, Lego table, blocks, dramatic play with dress up, reading corner, manipulatives, etc.) They will sit on a circle mat or a line for circle times, reading times, and singing times. They will learn how to follow several directions at one time, and sit for approximately 20 minutes at a time. They will be taken outside to enjoy sidewalk chalk and/or play in our play yard daily.
