**Position:** DRILLER – Geotechnical / Environmental

**Location:** Westfield, Indiana

**Start Date:** Immediately

**Job Description:** The role of the Driller is to be able to work in a team environment alongside our clients from project inception to final delivery. The drilling services is an integral part of the overall project development and this position will be a key part of the design team. Design, planning and graphics review and quality control are vital to every project we deliver. Drilling projects you'll be assigned to include (but not limited to) residential, commercial, industrial, and transportation projects and may include both geotechnical and environmental drilling. Each of our projects are unique so, if you want to do the same thing day-in and day-out, this job is not for you.

**Qualification and Requirements:**

- At least three (3) years of relevant experience in either geotechnical and/or environmental field drilling services, which entail operating a drill rig.
- High School diploma or equivalent
- Well Drillers Certification preferred; however, not mandatory

**Essential Skills and Abilities:**

- Installing temporary geotechnical / environmental wells experience is preferred; however, not mandatory
- Proficiency in soil and rock core sampling
- Great attitude and work ethic are a must to be a part of our team
- Ability to work well in a small team setting
- Ability to multi-task efficiently
- Willing to travel out of town but within the State of Indiana
- Willingness to be flexible and contribute when and where needed
- Other duties may be assigned to meet team or business needs

**Your Compensation and Benefits:**

- Compensation is highly commensurate with experience
- Very competitive and robust benefits package available
- Opportunities for advancement **plus ownership in an employee-owned company within 1 to 2 years**

**We are a firm that hires based on character as well as experience**
