

Tenino Farmers Market

2024 Community Education/Non-Profit Organization Application

The Tenino Farmers Market welcomes community education/non-profit entities who are interested in a booth at our market. Applications are reviewed by the Board to ensure that attendance at market is consistent with the purpose of the Tenino Farmers Market, and to ensure that no disruption of the market atmosphere is likely. The decision to allow or deny attendance is discretionary with the Board. Applications must be received 30 days before the requested date and include a physical copy of non-profit designation. Applicants must adhere to the same rules as a selling vendor (*see TFM vendor application and guidelines*).

The Tenino Farmers Market limits these entities to one booth attendance at our market per season. A season is the time period beginning the first market in May and ending with the last market in September. An approved applicant will be assigned a booth location by the Site Manager. Applicants will not have a priority location and will not displace or interfere with seasonal market vendors. If requested by the Board, applicant will produce a copy of all materials, brochures, signs, information, and any other items which may be present at the booth; the submission of such items must be made within the timeframe specified by the Board or the application will be denied. An applicant must be community based and be able to clearly identify to the Board the specific goal the applicant has for its attendance at the market.

Applicants are not allowed to sell any items, products, or raffle tickets, or directly raise or solicit funds or donations or promote or sell any paid memberships or services. Amplified music or speech is not permitted.

Each approved applicant at the Tenino Farmers Market is expected to conduct itself in a manner consistent with the atmosphere of the Market. The Tenino Farmers Market is a non-adversarial environment, family friendly, and a place where all persons are treated with respect and civility. Any entity allowed at the market must adhere to those standards or they will be asked to leave the market immediately.
