Pot of Gold

BIOGRAPHY:

Daniel Justin Smith is a singer/songwriter whose roots run deep in the small mountain town of Sparta, North Carolina where he was born and raised. Growing up in a close-knit family, Daniel learned to appreciate the values of love, respect, and family, which he weaves into the themes of his music.

Daniel's style is both organic and progressive, blending traditional mountain music with modern influences to create a sound that is uniquely his own. His music is soulful and emotive, with lyrics that speak to the heart.

After spending many years on the road as a full-time musician, Daniel made the difficult decision to step away from his music career in 2012 to focus on being a husband and father. During this time, he faced his own personal battles with mental illness, which deeply impacted his life and artistry. Through his struggles, he found solace and inspiration, and many of his songs reflect upon this transformative journey.

During his hiatus, Daniel continued to write music, honing his craft and staying connected to his roots. Despite the challenges he faced, his passion for music remained unwavering, driving him to create powerful and introspective songs that resonate with listeners on a profound level.

Now, after an extended break, Daniel is back on the scene and better than ever. His brand new album, *Everyday Courage*, is a testament to his resilience and personal growth. Each track showcases his continued evolution as an artist, intertwining captivating melodies with raw and honest lyrics.

Fans of authentic, heartfelt music will find much to love in Daniel Justin Smith's work. With his powerful voice, evocative lyrics, and undeniable talent, he is a force to be reckoned with in the world of singer/songwriters. Through his music, Daniel offers a glimpse into the depths of the human experience, reminding us of the beauty that can arise from even the darkest of moments.

**"Daniel Smith is one hell of a composer, writer, and singer. That's what those shivers climbing up your spine are telling you."
— FAME (Folk and Acoustic Music Exchange)**
