COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. Each Owner, exclusive of GeorgeTown Place Development Corp., hereby covenants, and each Owner of any Lot by acceptance of a deed therefor whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to (1) promote the recreation, health, and welfare of the residents in the Properties, (2) for the improvement and maintenance of the Common Areas and the facilities thereon, (3) for the maintenance of the sidewalks located along Maplecrest Road and Lake Avenue, within the common areas, and within the utility and sidewalk easements within the various sections of GeorgeTowne Place and (4) for the care, preservation, supervision, improvement and maintenance and the operation by the Association of the storm water drainage system, and of the Storm Water Detention Basin together with its outlet and water level control structures, and of the park area and improvements situated thereon, including but not limited to: (A) the payment of taxes and insurance in connection therewith; (B) the repair, replacement and making of additions thereto; and (C) the payment of the costs of labor and equipment and materials required, and management, supervision, maintenance and repair.

The Association shall be obligated to maintain, repair and/or replace, if necessary, the storm water drainage system and the Storm Water Detention system consisting of the Storm Water Detention Basin together with its outlet and water level control structures, as filed with the City of Fort Wayne Plan Commission in conjunction with this subdivision, approval of which has been granted for the use and benefit of this subdivision, the cost of which shall

be borne by all of the owners and subsequent owners of lots in any and all of the sections of GeorgeTowne Place.

The owner of any lot in any section of GeorgeTowne Place, and/or the Allen County Drainage Board, or its successor agency, shall have the right to order the Association to carry out its obligation to maintain, repair and/or replace the storm water drainage system and Storm Water Detention System improvements, as above provided, and to assess the owners of all lots in any section of GeorgeTowne Place with the cost thereof.

Section 3. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment shall be Thirty Dollars (\$30.00) per Lot.

a. From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased each year not more than 6% above the maximum assessment for the previous year without a vote of the membership.

b. From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above 6% by the vote or written assent of 51% of each class of members.

c. The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year for the purpose of defraying, in whole or in part, the cost of any new construction or repair or replacement thereof of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the vote or written assent of 2/3 of each class of members, and provided, further, that no such special assessments for any such purpose shall be made if the taking of such assessment shall in any way jeopardize or affect the Association's ability to improve and maintain its Common Areas or the Storm Water Detention system.

Section 5. Notice and Quorum For Any Action Authorized Under Sections 3 and 4. Any action authorized under Section 3 or 4 shall be taken at a meeting called for that purpose, written notice of which shall be sent to all members not less than 30 days nor more than 60 days in advance of the meeting. If the proposed action is favored by a majority of the votes cast at such meeting, but such vote is less than the requisite percentage of each class of members, members who were not present in person or by proxy may give their assent in writing, provided the same is obtained by the appropriate officers of the Association not later than 30 days from the date of such meeting.

Section 6. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all lots and may be collected on a monthly or yearly basis.

Section 7. Date of Commencement of Annual Assessments. Due Dates. The annual assessments provided for herein shall commence as to all Lots on the first day of the month following conveyance of the Common Areas. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the day of its issuance.

Section 8. Effect of Non-Payment of Assessments. Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 10% per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Areas or abandonment of his Lot.

Section 9. Subordination of the Lien to Mortgages. The lien of the Assessments provided for herein shall be subordinate to the lien of any first mortgage. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

#### ARTICLE V ARCHITECTURAL CONTROL

No building, fence, wall or other structure of any kind whatsoever, no any exterior addition to or change or alteration therein (all such buildings, fences, walls, structures, additions, changes, and alterations being herein called "improvements") shall be commenced, erected or maintained upon any Lot until two (2) sets of plans and specifications showing the nature, kind, shape, height, materials, and the location of the same shall have been submitted to and approved in writing as to harmony of external design and the location in relation to surrounding structures and topography by a majority vote of the Board of Directors of the Association, or by the Architectural Control Committee, such Committee to be composed of three (3) members, the first Committee members to be: Nicholas Litchin, Tom L. Rinehold, and Dave Gilmore. In the event of death or resignation of any member of the Committee, the remaining members shall have full authority to designate a successor. The Board of Directors shall also have full authority to remove any member from the Committee by means of a majority vote of the Board and to appoint a successor. In the event the Architectural Control Committee, fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and this Article will be deemed to have been fully complied with. All improvements shall be constructed in accordance with the plans and specification submitted to and approved in writing by the Architectural Control Committee, and any improvements not so constructed shall be subject to immediate removal and the Lot shall be restored to its condition prior thereto, all at Owner's expense. In the event the Association shall prevail in any litigation brought for the purpose of enforcing compliance with the provisions of this Article or Article VI hereof, it shall be entitled to recover from the defendant(s) reasonable attorney fees and costs incurred by the Association in such enforcement.

Failure by the Association, GeorgeTown Place Development Corp., or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 22. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.

Section 23. No Lot or combination of Lots may be further subdivided until approval therefor has been obtained from the City of Fort Wayne Plan Commission.

Section 24. The covenants and restrictions herein contained shall run with the land, and be effective for a term of twenty (20) years from the date these covenants and restrictions are recorded, after which time they shall automatically be extended for successive periods of ten (10) years; provided these covenants and restrictions may be amended by an instrument signed by not less than 75% of the Lot Owners, and provided further, GeorgeTown Place Development Corp. its successors or assigns as developer, shall have the exclusive right for five (5) years from the date of recording of the plat to amend any of the Covenants and Restrictions, with the approval of the City of Fort Wayne Plan Commission, except Section 2 of this Article VI.

Section 25. All utility easements as dedicated on the face of the plat shall be kept free of all permanent structures, and the removal of any obstructions by the utility company shall in no way obligate the utility company in damages or to restore to its original form. All obstructions, structures, shrubbery, trees or other installation thereon whether temporary or permanent shall be subject to the paramount right of the utility to install, repair, maintain or replace its utility installation.

Section 26. Notwithstanding anything in these restrictions to the contrary otherwise providing, GeorgeTown Place Development Corp. and its assigns shall have the right from time to time to maintain a temporary field office and sales office on any one Lot or parcel within this subdivision and shall have the further right, subject only to the approval of the Architectural Control Committee, to place and maintain signs promoting the development of the Subdivision.

Installation of said sidewalks in front of all common areas shall be the obligation of the Developer and installation of said sidewalks in front of all platted Lots shall be the obligation of the owner of any such Lot, exclusive of the Developer. Installation shall be completed in accordance with the aforesaid plans and specifications and prior to the issuance of a Certificate of Occupancy for any such Lot, and the cost of said installation shall be a lien against the property enforceable by the City of Fort Wayne Plan Commission or its successor agency. Should such Certificates of Occupancy be issued to the Developer, said Developer shall be considered an owner for the purposes of the enforcement of this covenant.

Section 28. No wire, metal or chain link fences will be permitted on any lot. Maximum fence height shall be 66 inches, except for privacy fences enclosing in-ground swimming pools, and except for the privacy walls to be constructed by developer.
