

The Town of St. George is accepting bids for grounds maintenance for the following areas:

On the north side of US Highway 78, the area to be maintained extends to the point at which the off and on ramps merge with I-95.

On the south side of US Highway 78, the area to be maintained extends fifty feet (50') on either side of I-95 and along the median where the grass is.

On the east side of I-95, the right of way is to be maintained to the site of the traffic light at the Flying J drive.

On the west side of I-95, the right of way is to be maintained to the Town limits. Bids will be accepted until April 12th 5:00pm.

All sidewalks, curb/gutter and other paved areas shall be maintained weed free by Company using manual weeding and/or herbicide application.

All fences shall be maintained free of vegetation by Company.

All ditches shall be mowed, cut and cleaned by Company.

The grounds maintenance shall include all of the following:

Company shall provide and complete the initial cleanup of the Maintenance Area in a workmanlike manner including:

- Removal of dead trees and vegetation;
- Removal of any accumulated debris and sediment along the curbs, on sidewalks and on other paved areas;
- Raking of open areas and remove all pinecones;
- Edging of sidewalks, curb areas and along roadways;
- Mowing of grass areas;
- Removal of all weeds in planted areas (beds);
- Mulching of planted beds;
- Removal of vines, brush, and weeds from bridge structures and fences;
- Cleaning of bare areas under the bridges; and
- Removal of litter.
