

A NEW GENERATION OF COATING SYSTEMS

“

I want to thank you for the exceptional coating job you did. Your crew took extra care and did a great job. I appreciate your professionalism in addressing some of my concerns with the quality of work from the initial coating job a few months ago (from another company). It is refreshing to have a company like yours that listens to the customer, returns phone calls and shows a genuine concern for the customer's satisfaction.

JAY W.

For those who believe that simplicity is the ultimate sophistication, our seamless systems are for you.

Our "Seamless Systems" can be applied to virtually any substrate for industrial, commercial or residential purposes. Our proprietary system is designed to last for years without peeling, delaminating or staining from hot tires or chemical attacks. This high-gloss industrial polymer can incorporate an almost endless palette of colors and designs.

BENEFITS

- Ultra low VOCs
- Moisture mitigation
- Eco friendly system
- Easy to clean

DURABILITY

- Extreme solvent resistance
- UV stable
- Molecular bond
- Impeccable
