

# DO NOT FEED THE DEER!

## IT IS ILLEGAL TO FEED BIG GAME (NRS 501.382)

- Inappropriate feeds are harmful and potentially fatal to deer.
- Feeding deer creates a dependency on the source, which can result in aggression from deer towards humans and pets.
- Increased deer presence may draw predators, like mountain lions and coyotes.
- Deer enticed by food may not migrate.
- Increased deer presence in residential areas may cause an increase in deer-auto collisions.
