

Established 1932

## **FLORIDA UTILITIES COORDINATING COMMITTEE**

**Coordination Through Cooperation**

*Fall Meeting  
Sarasota Motor Inn  
Sarasota  
November 6, 1981*

*The meeting was called to order at 9:00 A.M. by Chairman Elis T. "Ted" Carlson, Jr. with 73 members present. (See attached list.) Following the invocation by Stanley Clyde Johnson and tribute to the Flag, self-introductions were made.*

*Minutes of August 6, 1981 were read and approved.*

### Announcements

*The Winter Meeting of the F.U.C.C. will be in Orlando, on February 5, 1982, at the Harley Hotel downtown Orlando. Meeting to begin at 9:00 A.M. The Steering Committee will meet at 5:00 P.M. on February 4, 1982, at the same location.*

*Florida Power and Light Company hosted the coffee and lunch for the meeting.*

### Old Business

*Mr. Dick Hall, Vice-Chairman, submitted a revised listing of the active members and associate members of the F.U.C.C. The list was read by Chairman Ted Carlson. (List attached.)*

*Mr. Clyde Johnson requested that he be relieved of his duties on the Bicycle Subcommittee. Request granted.*

*Mr. Curt Roane gave a report of the Bike Path Subcommittee. D.O.T. has adopted regulations governing the installation of bike paths. Copies are available from D.O.T. in Tallahassee. Most of the utilities are concerned about liability and the movement of heavy equipment along or across these bike paths. He requested all the utilities to express their concerns to him as soon as possible.*

Chairman  
Elis T. "Ted" Carlson, Jr.

Vice-Chairman  
R.P. "Dick" Hall

Secretary  
Tom Priest

Old Business (continued)

Secretary Tom Priest read a letter written by Chairman Ted Carlson to Mr. Jay A. Goodwill, P.E., Transportation Planning Coordinator, Sarasota-Bradenton MPO, requesting clarification of some of the regulations proposed in the Bike Path Facilities Plan of the Manatee-Sarasota area. (Copy attached.)

New Business

Chairman Ted Carlson read a letter to the group from Mr. Jake Varn, Secretary of Transportation, concerning Florida's Road Numbering Plan for District VI, effective October 14, 1981. Ted expressed concern that if this plan were to be put into effect at once, it would result in mass confusion.

Mr. E.M. Salley, State Utility Engineer, Florida Department of Transportation, informed the group that the Road Numbering Plan for the entire State was completed effective April 22, 1981. He also stated there would be no mass renumbering of the State roads at this time and that it would be done on a gradual basis. All new right-of-way permits should have the new road numbers. Mr. Walt Childs, D.O.T. Bartow, passed out copies of the Road Numbering Plan for the entire State.

Ted Carlson asked for discussion from the group concerning the Standardization of Engineering Symbols on all drawings for permits. A request was made for the Standing Committee to look into this item and to pursue plans for the standardization of these symbols. It would result in a long range plan and D.O.T. stated they would like to work with the Standing Committee on these plans.

Mr. Ed Williams, Southern Bell Telephone and Telegraph, presented materials on the possible printing of a pictorial safety manual on warning devices on State-County roads. Mr. Ray Afeld stated that the City of Los Angeles has a packet manual on these warning devices.

Coffee Break - 10:10 A.M.

New Business (continued)

Mr. Verne Brown, Historian, reported that the Florida Utilities Coordinating Committee's 50th. Anniversary Booklet containing the history of the committee has been printed. The booklet needs to be edited and any comments about its contents are to be made to him by December 1, 1981. The booklets are to be printed and ready for distribution at the next meeting in February.

Program

Mr. Dennis LaBelle presented an interesting program on the subject of "Compensable Interest on Reimbursement Projects." He assembled a panel to discuss the various parts of this subject. Mr. E.M. Salley discussed the Federal and State Regulations and Procedures; Mr. Verne Brown elaborated on the rights of Utilities on Public Rights-of-Way, Government Agencies governing Right-of-Way permits, and Eminent Domain Rights. Mr. Lamar Lockhart discussed the legal rights of Utilities, recorded and unrecorded easements, adverse possession, prescription easements, overhead and underground utilities, platted utility easements, and it may be necessary for individual Utilities to obtain a separate easement for reimbursable purposes. The group participated in the discussion of the above subject.

Mr. E.M. Salley distributed a packet containing various forms of easements, agreements, and procedures.

Chairman Ted Carlson appointed Mr. Dick McConville and Al Gregory to serve on the Bicycle Path Committee.

With no further business, the meeting adjourned at 12:10 P.M.

Respectfully submitted,

Tom Priest
