

FLORIDA UTILITIES COORDINATING COMMITTEE

Coordination Through Cooperation

SUMMER MEETING
AUGUST 4, 1983
BAY HARBOR INN
TAMPA, FLORIDA

Chairman R. P. "Dick" Hall called the meeting to order at 9:00 a.m. with 69 members present. Following the invocation and tribute to the Flag, self introductions were made (list attached).

The minutes of the May 6, 1983 meeting were read and approved.

General Telephone in Tampa hosted the meeting.

Chairman Hall read various communications received since the Spring Meeting. Items of special concern were conditions imposed in excess of the Utility Accommodation Guide, requiring testing of P.V.C. pipe at 50 P.S.I. rather than 20 P.S.I.; inconsistency in approving materials for castings and attachments to, and dielectric barriers required for bridge attachments; and failure of utility contractors in District One to meet DOT requirements of backfill, site clean-up and coordination with Department contractors.

Vice Chairman Tom Priest introduced Roy Leep, Director of Gulf Coast Weather Service and Director of WTVT Weather Service (Channel 13, Tampa). Mr. Leep described the various forecasting and weather gathering services which are available. He described "weathercasting services", ranging from rainfall forecasting for a construction project in Venezuela to recording the incidence and location of lightning strikes in central Florida.

Reports were received from the following district representatives:

District I - Dick McConville
District II - Kermit Dunwoody
District III - Charles Andrews
District IV - Jim Haynie
District V - Lee Spitzkopf

Chairman Hall acquainted the committee with the agenda for the International Right of Way Association - Chapter 26 Summer Seminar on August 4 and 5.

Standing Committee Reports:

Bike Path Subcommittee Chairman Curt Roane reported on the 1983 Florida Bike Safety Statute which was signed into law by Governor Graham on June 3, 1983.

Utility Liaison Procedures Subcommittee Chairman Dennis LaBelle reported that he will submit revised DOT Utility Liaison Procedure No. 722-051, which was approved by the general membership at the Winter meeting, for DOT consideration.

Joint Use Pole Subcommittee Chairman Dennis LaBelle reported that further negotiations with DOT will be required to resolve this issue.

DNR Subcommittee Chairman Jim Dunning reported that the proposal to charge fees for utility easements across State owned submerged land should be resolved at the September 6, 1983 Cabinet meeting. DNR has been asked to submit a new fee proposal.

Standing Committee Chairman Tom Priest reported on the August 3 meeting.

Coffee Break - 10:40 - 11.00 a.m.

Chairman Hall introduced Paul Kaczorowski, State Right of Way Administrator, who commented on DOT reorganization and expressed his interest in participating in future Committee meetings. He also commented that the Joint Use Pole problem will be addressed and that internal DOT liaison efforts will be advanced. Mr. Kaczorowski introduced Assistant Right of Way Administrator, Dallas Gray.

Jim Fuller of MCI Telecommunications reported that a survey will commence in two weeks to locate utilities on the Seaboard Systems Railroad right of way between Orlando and Tampa. He introduced Sam Weaver of the Route Development Division who will work with the various utility notification centers.

Charlie Kimbrell reported that notification centers U.U.N.C and U.N.C.L.E. will be merged by the end of this year.

New Business -

The Federal Highway Administration is implementing a program entitled Facilitate Acceleration through Special Techniques (FAST). Minimum information is available at this time, but under FAST the States are encouraged to take steps to advance selected highway projects. Utilities will be requested to help expedite arrangements needed to adjust their facilities.

Chairman Hall expressed his appreciation to Committee officers, subcommittee members and the general membership for support received during his term. He then dissolved all committees to allow the incoming chairman to make appointments.

Vice Chairman Priest presented the Standing Committee's nomination of Dick McConville for Secretary. Since the Chairman and Vice Chairman positions are filled by progression, the slate of officers presented by the nominating committee were:

Chairman - Tom Priest
Vice Chairman - Jim Dunning
Secretary - Dick McConville

There was a motion and a second that nominations be closed, motion passed.

Ted Carlson made a motion that the Secretary cast a single unanimous ballot for each of the officers, the motion received a second and then passed. The Secretary then cast the ballot. Incoming Chairman Tom Priest then presented a plaque to outgoing Chairman Dick Hall, in recognition of his contribution to the Florida Utilities Coordinating Committee.

Chairman Priest asked for support of the members during the next year, and then made the following committee assignments:

Standing Committee

Jim Dunning, Chairman, Gulf Power Co., Pensacola
Paul C. Kaczorowski, F.D.O.T., Tallahassee
Roswell Sherling, Power, Lee County Electric Co-op, Ft. Myers
Roger Lyons, Telephone, General Telephone, Tampa
Larry Rice, Gas, Fla. Gas Transmission, Lakeland
Mike Flannery, County, Pinellas County Water, Clearwater
Lewis Kersting, CATV, Group "W" Bradenton
Kermit Dunwoody, Municipals, J.E.A., Jacksonville
Howard Webb, Railroad, F.E.C., St. Augustine
Jan Platt, Notification Center, Call Candy, Tampa
Ed Williams, Consultant, Southern Bell, Miami
John Paul, P.E., Contractor, Pompano Planning & Engineering Co., Pompano

Bike Path Committee

Kurt Roane, Chairman
Dan Burden
Mike Flannery
Al Gregory

Utility Liasion Procedures Committee

Dennis Labelle, Chairman
Glen Hazelton
Dallas Gray
E. T. Carlson, Jr.
Ken Brown

Dept. of Natural Resources

Jim Dunning, Chairman

Joint Use Pole Committeee

Dennis LaBelle, Chairman
Jim Dunning
Harold Lassman
E. T. Carlton, Jr.
