

Established 1932

FLORIDA UTILITIES COORDINATING COMMITTEE

Coordination Through Cooperation

Winter Meeting, February 1, 1985
Tampa Hilton, Tampa, Florida

The meeting was called to order by Chairman Dunning at 9:00 a.m. Eighty-two members were present (list attached). The meeting was opened with the Salute to the Flag, an Invocation given by Ted Carlson and followed by self introductions.

The minutes of the Nov. 9, 1984 meeting were read. Comments were made that MCI has been a regulated utility for more than a year, as is AT&T, Communications. The new Dade City Utility Group will be called the Tri-County Group. The Minutes were accepted as amended.

Chairman Dunning thanked General Telephone for hosting the meeting and Roger Lyons for making hotel arrangements.

Ken Towcimak was introduced, and he explained that under reorganization, Utility Liaison was under Bureau of Right-of-Way, and Dallas Gray is now Deputy Bureau Chief of Right-of-Way. Ken stated he intends to be an active participant of the Group. He was thanked for the emphasis placed on Utilities by the Dept. of Transportation.

District Reports were then given: Tom Hollis--Dist. I; Paul Waters--Dist. II; Tom Duggar--Dist. III; Jim Wright--Dist. IV; Jim Haynie--Dist. V; C. Kimbrell-- Dist. VI

Committee Reports were then requested by Chairman Dunning.

Vice Chairman R. J. McConville, Standing Subcommittee Chairman, reported that the Subcommittee met the previous day, with major concerns being the aligning of Codes and Publications of the Florida D.O.T. and the need to complete the tree trimming report to be sent to Florida D.O.T. Plans were made for the joint meeting of the IRWA and FUCC in August in the Tampa-Clearwater Area.

Green Book Advisory Committee - Ted Carlson. A meeting was held Jan. 7, 1985 by Dave Bullard, State Design Engineer-Roadways. Ted's concern is clear roadside recovery areas. Full Committee meeting scheduled March 5, 1985 in Maitland. Ted serves without voice or vote, although several members questioned how Ted could serve "without voice".

Tree Trimming - Ron Worley. Met Jan. 31, with 19 in attendance primarily from the Power group. Emphasis was on concluding tree trimming issue. Invited all concerned to attend meeting planned for Feb. 15th to formulate reply to State.

Private Facilities Study - Lee Spitzkopf - met Dec. 12, 1984 in Miami, list of problems caused by proliferation of private facilities has been made, meeting planned for the end of February to work out solutions.

Chairman
J. L. Dunning
(904) 434-8555

Vice-Chairman
R. J. McConville
(813) 335-8402

Secretary
Mike Flanery
(813) 462-3588

Manual of Uniform Standards - Dick McConville. Meeting held Nov. 14, 1984 in Tallahassee with Gene Carpenter of the Federal Highway Administration, and his staff. Dennis LaBelle also attended. Inequities in code were pointed out to D.O.T. which is to address this issue. No future meeting has yet been scheduled.

Dennis LaBelle, who is a member of the ASHTO Subcommittee on Utilities reported ASHTO was unaware of diversity of utility setback standards. Dennis is acquiring copies of utility guides to determine amount of disparity nationwide. Over 100 manuals involved. Other manuals that interface with Green Book must also be revised. As member of Transportation Research Board, Dennis is Chairman of a committee to fund research money and asked for ideas.

Chairman Dunning requested Group reports, in addition to the previous Power Group report.

Telephone Group Chairman, George McWicker, reported 5 companies met to discuss tentative markings for poles, and tree trimming issue. Would like to meet at 1:00 p.m. next meeting.

D.O.T. Group Chairman, Ken Towcimak, reported discussions on lack of Uniformity of Standards, especially 3-R and Accomodations Guides. Will try to make a more formal presentation at Tallahassee meeting.

At the conclusion of Old Business, Dick McConville introduced Joe Bacheler, Chief of Regulatory Section of the U.S. Army Corps of Engineers, Mr. Bacheler is responsible for permits and enforcement in the Regulatory Section. He reviewed the history of the Army Corps involvement with harbors and channels, and the Clean Water Act, and explained how the Corps has tried to simplify the regulatory process. He further explained the Corps Standards for Federal Channels.

Following coffee break Mr. Les Rybak, of the Submerged Land Section of the Bureau of State Land Management, Board of Trustees of the Internal Improvement Trust Fund, spoke on Utility Permitting in the Wetlands. Jurisdiction of "The Trustees" is for all lands not privately owned, sovereignty held Submerged Land, and dryland property such as in state parks. The Trustees are still working on a plan to charge for the use of State Land by the Utilities, and until it is resolved Use Agreements are being negotiated instead of easements. Mr. Rybak advised Texas imposes similar fees.

Under New Business, Walter Childs advised of a meeting held between Utility Contractors and the D.O.T., which resulted in a recommendation that utilities complete all relocations before the road contractor begins work. This raised many significant problems regarding utilities clearing right-of-ways, such as portions of houses and construction conflicts. Ken Towcimak advised this recommendation would have to pass through his office for implementation, but had not yet been presented.

Chairman Dunning advised Charles Kimbrell may not be attending future meetings as he has assumed other duties with Southern Bell. All wished him well.

With regard to the August Meeting, and a possible joint meeting with the IRWA, it was the Group's consensus that it be held as close as possible to the 1st of the month.

The meeting was adjourned at 11:57 a.m.

Minutes respectfully submitted by

Mike Flanery

D. Michael Flanery
Secretary
