

Established 1932

FLORIDA UTILITIES COORDINATING COMMITTEE

COORDINATION THROUGH COOPERATION

MEETING MINUTES
MAY 5, 1995
FT. LAUDERDALE, FLORIDA

Chairman Dave Hall called the quarterly meeting of the Florida Utilities Coordinating Committee to order at 8:30 a.m. with 93 representatives/members in attendance. Mr. Larry Claxon offered the invocation and pledge to the Flag. Chairman Hall thanked Ray Afeld for his great job in setting up the meeting location and facilities. He also expressed appreciation for the help and support of the following:

At Registration Desk:

Ms. Freddie Brady
Ms. June Weeks
Ms. Doris Afeld

Sponsors for Reception
and Coffee and Danish:

Carlson; Triduct Corp.; Tampa Bay Engineering
FL. Underground Tank Contractors Inc., and Aquagenix

Chairman Hall asked for self introductions by officers and attendees.

SECRETARY'S REPORT - Hamid Zahir

Chairman Hall asked if there were any corrections to the minutes of the meeting of February 3, 1995. There were no corrections, and a motion was made to accept the minutes as written and waive their reading. The motion was seconded and passed.

HISTORIAN'S REPORT - Tom Duggar

FIFTY YEARS AGO: - May, 1944 - Tampa, Florida

Officers: Chairman - R.S. Davis, Florida Power and Light
Vice Chairman - Homer Welch, Lee County Electric Cooperative
Secretary - B. N. Darlington, Peninsular Telephone Company

There are no minutes or information available about the meeting.

Chairman
Dave Hall
(407) 889-6813

Vice-Chairman
Arlene Brown-McGee
(813) 228-4674

Secretary
Hamid Zahir
(904) 632-6068

Historian
Tom Duggar
(904) 599-1543

TWENTY FIVE YEARS AGO: May 1, 1970, Sokol Beach Motel, Tampa

Attendance: Telephone 11, Power 14, Gas 3, DOT 6, Contractor 1, Other 2, A total of 37.

**Officers: Chairman - Verne Brown, General Telephone Company
Vice Chairman - Marion Gilliam, Florida Power Corp.
Secretary - Bob Corn, Florida Gas Transmission Company**

Old Business: Mr. Glen Cock reported that a meeting was held with the DOT in Tallahassee prior to our last meeting in Pensacola. At that time the DOT agreed to accept eleven of the fourteen proposals. A meeting was held on March 27, 1970 to discuss the remaining three items.

New Business: Mr. Brown read a letter from Mr. C. J. Kellermann with Sumter Electric Coop. The letter was in regards to occasions when the DOT has transferred title on State Road right-of-way to City, County and private parties in instances where such right-of-way has been abandoned and in some instances this has resulted in a hardship to utilities at this location.

A letter was read from Mr. Earnest Salley regarding roadway lighting and signal installations. The letter stated that the Department's plans from design to construction stage can no longer be reasonably handled without benefit of proper advance coordination with the involved utilities. It would be in the best interest of all parties if some type of joint use agreement could be established together with a uniform method of early contact for the purpose of coordination during the design stage. A subcommittee was appointed. The next meeting will be a joint meeting with the American Right Of Way Association in Orlando.

At this time the conference critique survey was passed out and John Jernigan explained the survey form and asked for the input of the group.

Jim Weeks passed out a package containing information on FDOT Metric Practice, Metric Training Resources, Typical Plans in Metric, Minutes of the Utility Issues Task Team, Minutes of the 1995 Maintenance of Traffic meeting that was held in Orlando, and the new utility permit form.

- Jim weeks explained in detail the topics that the Utility Issues Task Team will look into and try to resolve. The next Utility Issues Task Team meeting will be a partnering workshop headed by Greg Xanders. Relocation schedules will be one of the topics for the next Utility Issues Task Team meeting. Pole prioritization program which is currently under study by the University of Florida, is another topic for the Utility Issues Task Team. The intent of this study is to relocate the most dangerous poles first; however these projects will be in addition to the R-R-R projects. As part of the study, a two page survey form will be sent out to some DUE's for completing and they will be getting with some of you to come up with a cost estimates for specified geometric locations, please cooperate with those DUE's to finalize this program.**

Questions and comments from the floor:

- 1. We do not have the manpower or resources to do what is asked for in the surveys.
Response - this information may be provided by the DUE's based on the past project cost data.**
- 2. Did the researcher look into joint users? Is researcher looking at the cost only or also looking at the safety?
Response - this is not a cost benefit analysis but is a value that is dependent on many variables.**

- Jim Weeks mentioned that Steve Runyan, a member of the FDOT MOTC, made a presentation before the Utility Issues Task Team, in which he indicated that all utility MOT training manuals to be submitted to FDOT MTOC for approval. Jim Weeks indicated that utility industry may or may not be permitted to attend the FDOT MOTC as voting members; in fact, the existing non-FDOT members of the committee may or may not be able to continue as voting members.**

- Jim Weeks explained the old sections and the numbering system for JPA's. Jim is working with the comptroller's office on the retainage of moneys on JPA's where utilities' cost is lower than the estimated cost of the project.**

Questions and comments from the floor:

- 1. Will relocation schedules and permit forms be available on disks?
Response - no, we try to have them transferred electronically.**

2. On behalf of the group, Dennis LaBelle thanked Jim Weeks for all his efforts and positive outlook on issues that have been a problem for a long time.

FDOT DISTRICT REPORTS:

- DISTRICT I,
No written report was provided
- DISTRICT II, Billy Payne
Minutes of the April 28, 95 meeting was provided. Please call Vince Camp the District II Utility Engineer for a copy.
- DISTRICT III,
No written report was provided
- DISTRICT IV,
No written report was provided
- DISTRICT VI,
No written report was provided
- DISTRICT VI,
No written report was provided
- DISTRICT VII, Steve Tidwell

The utility liaison committee conducted the semi annual conference on March 24, 95 at the Clearwater Holiday Inn Surfside. Approximately 120 were in attendance. Mr. Kenneth Hartman, District Director of Production, and John Temple, District Director of Operations who spoke on FDOT/Utility partnership, were the speakers at the meeting. Mike Irwin District Construction Engineer covered issues relative to roadway construction projects. The next meeting is scheduled for September in the Tampa Bay area.

At this time we had Andrew Chesler and Robert Radler with AQUAGENIX talk to the group on the services they provide.

Chairman Hall Introduced the guest speaker, Kate Hale with Dade County office of Emergency Management.

PROGRAM

Kate Hale thanked everyone who was involved in the efforts during and after Hurricane Andrew.

FEMA has new emergency management managers at the federal and state levels. There has been changes to take place as a result of the Hurricane Andrew. The federal and state emergency management teams coordinate the emergency plan by a number of ESF (Essential Support Functions). There are 12 levels of ESF's at the federal and 4 additional ESF's at the state level. FEMA is not a support agency but is an operation agency. There are many differences between Emergency and Crises. Emergency is anything that has a possibility for risk and Crises occurs with no prior warning such as political, economic, or social events. In south Florida there are many natural disasters like cold weather, mass immigration, airplane crashes, bomb treats, nuclear plant, and so on. The important factors in an emergency situation are planning ahead and learning from others. In emergency cases more crises occur in an urban area than a rural area. This is due to population intensity.

Kate Hale thanked the group for the opportunity for the speech.

Chairman Hall presented a plaque to Kate Hale.

UTILITY NOTIFICATION CENTER REPORT: Bill Heath

As of April 30, 1995 new tickets -	217,907	calls	133,064
1994 tickets -	153,126	calls	89,335
increase	64,781		43,729
%	42.30%		48.95%
members	149		
contractors	20,847		

Average answer speed for 1994 was 74.29 seconds and for 1995 is 26.55 seconds.

Sunshine State One Call operations committee meeting dedicated to legislature issues will meet on September 14, 1995 in Tallahassee. The location has not been determined yet.

INTEREST GROUP REPORTS:

- **POWER, Terry Vogel**

The power group met with 42 persons in attendance. Items discussed were:

1. Joint pole use attachment heights
2. Placing utilities out of service
3. Legislative plan to do away with Rules and Regulations
4. New FDOT Utility permit from
5. Metrication and Conversion
6. INTERNET update
7. Utility Issues Task Team

- **TELEPHONE/TELECOMMUNICATIONS, John Jernigan**

The sub committee chairman opened the meeting with 30 in attendance.

1. Marilyn Pineau provided an update on the Joint sue Subcommittee.
2. Dennis Black presented an overview of his attendance in the Utility Issues Task Team and subjects like MOT, Permits, Joint Users, and JPA.
3. Steve Arline related to a problem in Palm Beach County with the Seacoast Inspection Authority and their refusal to sign off on certificate of occupancy because of a four (+) foot proximity of facilities to water/sewer lines.
4. Jay Gordon readdressed his situation with Storm Water Discharge into Navigable waterways. The EPA guidelines in St. Augustine call for the use of test kits if NPDES is required.
5. John Farkas overviewed his efforts on four amendments to bills addressing asbestos/transite.
6. Kent Looney discussed problems he had encountered with his first JPA project in the Ocala area. The interest group suggested that he discuss JPA's and inspections with FDOT District VII personnel for assistance.

- **UNDERGROUND, Mike Farmer**

The group met with 16 present.

1. Overview of FDOT Utility Issues Task Team. Discussed the formation of this committee to improve communications between FDOT and Utilities. Reviewed specific items discussed at this meeting in Tallahassee such as MOT, Permit form, relocation schedules, JPA's, UAM, utility user's handbook, partnering, and pole relocation study.
2. Call Sunshine, Advised the group that the entire state is now broken down to 1/4 sections. Providing them with your landbase in 1/4 sections will reduce number of locate requests.
3. Discussion on inconsistency between FDOT districts on restoration requirements for asphalt patches. Picture and/or video before construction begins.

SUBCOMMITTEE REPORTS:

- **UAM/STANDARDS REVIEW, Dennis LaBelle**

Handouts and information on the upcoming National Joint Use Conference and National Highway/Utility Conference in Phoenix, Arizona. The National Joint Use Conference will be held on 10/2 and 10/3, 1995. The National Highway/Utility Conference will be held on 10/4, 10/5, and 10/6, 1995. If you need more information, please call Dennis LaBelle @ (305) 347-7206 or Hamid Zahir @ (904) 632-6068.

- **JOINT USE, Bill Hetherington**

Met on April 6th and yesterday to resolve and finalize designs for Joint Trench services investigations. Next meeting will be in Fort Myer on June 1st, 1995.

- **ONE CALL ORGANIZATION, Dan Buol**

The next meeting will be may 25, 1995 in Orlando at the Sheraton World on International Drive. Call the call center for more information.

- **FDOT PAY ITEMS, Carlos Solis**

No written report was provided.

- **FDOT HIGHWAY LIGHTING,** Scott Huff
No written report was provided.

- **UTILITY NETWORKING,** Tom Kennedy

PURPOSE:

- * Use electronic communications to improve the exchange of information
 - More timely
 - Little or no incremental cost
 - Provides documentation

USES:

- * Newsletter
- * Communication of fast-breaking issues
- * Enhance committee work
 - Does not require travel for meetings
 - Does not require scheduling that is needed for conference calls
 - No phone-tag involved

PROCESS: * Develop core group on E-Mail network who can disseminate information locally

CURRENT TASK: * Please send INTERNET address, be exact and be case sensitive

SURVEY RESULTS: * 35% have addresses but did not provide it

* 45% provided INTERNET addresses

- **MOT PLATES, HAMID ZAMIR**
No written report was provided.

- **CONFERENCE PLANNING,** Ray Afeld
Next meeting will be in Jacksonville area. Details will be provided later.

- **STRATEGIC PLANNING,** Nick Zembillas

16 members in attendance at the meeting

1. Proceed with filing for association. Nancy/Tom to coordinate with Arlene for filing fees.
2. Setting/Picking banking institution. Make sure it is a bank with coverage in Florida. Who will have signature authority? Treasurer? Chairman?
3. Solicit for Prof. Conference planning firm - Dennis/Tom. Write up a scope of services, may need more than one firm, Establish a three person selection committee.
4. Solicit sponsors such as utility engineering firms, utility contractors, utility supplier/manufacturer, specialty firms, ...
5. Create an audit team
6. Develop strategic plan for the committee, Tom Kennedy will develop this.

- **STEERING,** Arlene Brown McGee

Pinellas County is working with FDOT to waive the requirement of Utility permit in situations where facilities are 5' or from edge of pavement.

Terry Vogel nominated John Jernigan for upcoming FUCC secretary position.

The meeting locations for the year 1995/1996 will be as follows:

November 1995	_____	Jacksonville
February 1996	_____	Orlando
May 1996	_____	Stuart
August 1996	_____	Key West
November 1996	_____	Tampa Bay Area

Chairman Hall adjourned the meeting at 11:45 a.m.

Very truly yours,

A. Hamid Zahir, Secretary

FLORIDA UTILITIES COORDINATING COMMITTEE
