What is the experience like?

Brad Trupp
LTSB 2022
RCS Treasurer

What a great experience! It took me from someone who only sang when no one was listening to being able to sing loudly and proudly in a group. The learning environment was so friendly and helpful. All the LTBS participants were invited to join RCS on stage for a few songs on the Christmas show, which I did. It was such an amazing time that I joined the chorus soon afterwards.

In Sept 2022, I saw an ad in the Herald about a Learn to Sing Better Program with River City Sound. I've always loved to sing but never tried the barbershop style. At my first practice, everyone was welcoming, friendly and I loved the music. I completed the LTSB Program and really became hooked after participating in the Christmas Concert. I became a member and am so happy to have found River City Sound.

Excellence in Musical Leadership Co-Directors

Larry Hunter

Larry has been involved in every aspect of the chorus for 28 years. Singing and performing has been a part of his life since high school, where he was asked to join his first Barbershop Quartet. He has trained over 4 summers at Directors College in Nashville. Larry has been active in several quartets and River City Sound Chorus, singing both baritone and lead. He welcomes anyone interested in learning a cappella singing and having fun!

Jewel has an Education degree from the U of Winnipeg and recently retired from a 35-year music education career. She taught in Winnipeg schools as well as the Music for Children Orff program, U of Manitoba Preparatory Studies Department and Orff certification programs for other teachers. In March 2023, she received the prestigious MusiCounts Teacher of the Year award for Canada at the Juno Awards. Although new to directing an adult a cappella group, we are thrilled to welcome Jewel as our newest co-director.
