

## STREAMLINER MOTORS PRICE LIST

### GENERAL INFORMATION

The Streamliner will arrive at your location on the day before your event to allow sufficient time to set up the car. For this reason, the minimum rental period is two days.

Some advertising space on the fin and the side of the Streamliner is available free of charge for your specific promotional use during your event.

All Streamliner Motors displays are fully attended to by at least one of our knowledgeable specialists. They will either be dressed in business attire or wear period white Streamliner Racing overalls: the choice is yours. There is no charge for this service.

Please note that the Streamliner will not be left unattended at any time. It may only be touched under supervision and cannot be driven by anybody except for Streamliner Motors staff.

We are happy to provide Photo Opportunities in the cockpit, but please note that every person has to be capable of stepping across the side of the car from a ladder on to the seat. Since sitting in the Streamliner involves the removal and re-fitting of the steering wheel, you may want to consider pre-arranged time slots for on-board photography.

Based on your completed Event Information and Order Form, we will invoice you in advance. We are unable to offer credit terms and require payment in advance by wire transfer. A 50% cancellation fee applies but this is limited to the rental charge only.

Any rental overages will be invoiced according to our price list. Starting with day six of the rental, a daily rate of \$1,797.00 applies.

Please be upfront about any accidental damage that might occur. In the unlikely case of damage, we will provide you with a repair estimate within two days. The Streamliner will remain on rent whilst undergoing repairs.
