Q&E: Model "T" radiator cap found by Barbara Phillips in Ybor City.

Q&E'S: Dog tags, marbles, buttons, spoon, Western Flyer emblem, pocket knife, and buckles found in Ybor City by Barbara Phillips.

BANK NIGHT

Number 28 was picked and Edna Libertore won \$30.00. Congratulation Edna.

SYMPATHY EXPRESSED

It was learned that former club member, Bob Fleischman passed away last April. He and his wife, Ceil had relocated to Port Orange from the Apopka area. Word has it that his wife may return to this area. Ceil will always be welcome to rejoin our family at CFMDC.

MEMBER ILLNESS

It was brought to our attention that George & Ella Hill have been in ill health. I'm sure a get well card sent to them will speed them onto good health again. Their address is: 431 Page Street, Orlando, FL 32806.

NATIONAL HUNT: 1990

On November 10th, 1990, there will be a one day national metal detecting hunt sponsored by our club. It will be held at Moss Park in east Orange county. Two silver hunts will be lined up with at least four detectors going as prizes. More details will be made available as the date nears.

MAY'S ENTERTAINMENT

The Garrett film called "Treasures of Mexico" was shown to everyone. It was a treasure hunt into the Sierra Madre Mountains of Mexico hosted by Charles Garrett.

EARTH DAY RESULTS

During April's Earth Day event at Daytona beach over \$400.00 in change was found and donated to the Shriner's Burn Center. The following weekend, an additional \$300.00 was recovered on the west coast and added to the contribution. The CFMDC and the Federation appreciates your willingness to help the Shriner's continue their support for burned children. A jar will be provided at the monthly meeting for those who want to continue to donate clad change to the burn center.

FEDERATION SUPPORT

The Federation is trying to raise \$20,000. to fund their continuing fight against anti-TH'ers. To assist them, the CFMDC will raffle off silver rounds to members and the money collected will be contributed to the Federation's cause.

SARASOTA: BEACHES AT THEIR BEST, PART II.

LIDO BEACH: The facilities at Lido Beach located mid-island on Benjamin Franklin Drive are outstanding and offer the TH'er plenty of area to detect coins and jewelry.

SOUTH LIDO BEACH: This is a county owned park located on the southern tip of Lido Key. There is ample parking among the Australian Pines, plenty of picnic sites and over 1,000 feet of beachfront to treasure hunt. The beach curves around into Big Pass and is a popular anchorage for boaters.

NORTH LIDO BEACH: This is a half mile stretch of beach once frequented by topless sunbathers as it was secluded but now anti-nudity laws are enforced. Perhaps many finds are awaiting the patient TH'er to recover items lost when nude bathers were "busted".

SARASOTA POINT: Is located on Siesta Key and legend has it that during and after heavy storms that Spanish and sometimes English coins can be found. This is an indication that a pirate ship or galleon may be sunk off shore somewhere.

JUNE HUNT

There is something planned for our June activity and it'll be discussed at our next meeting.
