Note From the President:

It has been a great month during this memorial day weekend. Our next meeting will be on Friday, June 23rd. The meeting is pushed out from the June 9th regular meeting date due to church activities. Our club hunt will take place Saturday, June 17th and our yearly Silver & Relic hunt on October 7th & 8th. This TWO day hunt will be sponsored by the CFMDC (on day 1), and by Minelab (on day 2). Hope to see y'all soon!

To call the May 12th meeting to order, Brian led us in the Pledge of Allegiance. Dave awarded Brian with a club's Letter of Appreciation for a recovery done on the beach. Also, Debbie and Carolyn of Minelab made a surprising announcement during the monthly club meeting. A newly invented nationwide event is in the plans, and our club's hunt is helping make the plan happen by providing Minelab with the official "Beta Testing Group".

The May hunt event took place with contestants from across Florida. Several metal detectors were donated by Minelab and much more. The outcome of the event produced 4 winners as you see in this photo.

In honor of appreciating Bill Green. "The Penny King", on his accomplishment of most pennies collected from metal detecting (over the years) at a staggering 245,000 in total, George Case conducted a well deserved public announcement to the group.

Getting to meet club members is beneficial for many reasons. For example, the admiration of an anniversary announcement or a birthday is a nice thing. Even new members receive recognition. All recognitions receive some kind of prize, usually old silver coins. Those are great collectables. This month was Bill & Betty's 63rd anniversary. Bill announced that his secret for a

long marriage is "to never go to bed without a kiss".

The Central Florida Metal Detecting Code of Ethics

1. Fill all holes. Leave the land and vegetation as it was.
2. Remove all trash and litter when you leave.
3. Respect the rights and property of others.
4. Observe all laws, whether national, state or local.
5. Aid law enforcement officials whenever possible.
6. Never destroy priceless historical/archeological treasures.
7. All metal detectorists may be judged by the example you set. Always conduct yourself with courtesy and consideration for others.

Our club is growing. New members are coming to our meetings, to see what we are all about, all the time. You know you're part of a great club.
