President's Corner

We have a lot of "stuff" going on at the Central Florida Metal Detecting Club and this year is really flying by. Here we are in October and as the weather starts to cool down slightly, hopefully we can all remember that 100 degree temperatures don't last for ever. Hurricane season is upon us and I remember back a few years when many of us spent days on the beaches collecting old silver coins on nearly every trip. I suspect that deep down, some of us are still wishing for a direct hit to the beach area (but not too much property damage, just some sand removal). Those were the days.....

For you beginners, watch the weather, check the beach reports, watch the tide information, talk with some experienced club members, but **DO NOT** head for the beach during a hurricane ---- just be ready the moment it passes and take a hunting buddy with you! Stay safe.

Don't ever be afraid to ask questions at the club meetings. If you are new to the hobby or you have recently moved into a new detector, please bring your detector to the next meeting. When you bring your machine, let us know and we will make it a point to connect you with someone that can show you a few "tricks" during the mid-meeting break. The meetings are for your benefit so use the time to learn something about your specific detector. Even a few minutes spent with an experienced machine operator can cut hours and hours off your learning curve. Believe me, it will be worth your effort.

A suggestion has been made for a "new-member" packet which might contain club history, code of ethics, membership directory, business cards, etc. Also a suggestion has been made that we create a "hunt site" packet which would be used by a member when attempting to secure a hunt site for the entire club. This packet could have insurance information, news clippings, and other relevant information that a land owner may want to review. We are developing the basics for these packets and hope to have them in the near future.

We are planning another hunt in mid October. Details will be discussed at the next meeting. As always, if you want some one-on-one training before the hunt just show up about 30 minutes early and ask for help. Someone will be glad to assist you.

The "Challenge Program" is something every member should be currently working on. This program offers a silver coin reward simply for finding a specific group of targets and presenting them to the Challenge Boss (Bill Shackelford) for his approval. This list of targets is at the front table during every meeting. Thanks to Bill for his continued club support.

The finds table continues to amaze!!!! It is humbling to see the incredible selection of jewelry, coins and artifacts that show up month after month. Keep up the great work; we all like to share the experiences. Our thanks again to Rob Loucks for keeping up with the tables each month. Remember also to have your finds on the tables by the start

of the meeting so that they can be included in the voting process. Late entries do not qualify.

It's time again to start thinking about club officers for next year. December will be here quicker than we can imagine.

Many thanks to Lady Lorrieus Sprigg, the theme for this month's meeting suggests a Roman Toga party. Lady Lorrieus' efforts will undoubtedly be rewarded by the fact that everyone has a lot of fun. I know we will. I was told that a toga party has something to do with wearing a bed sheet to the meeting so it should be interesting. I wonder if plaid will make me look fat??? You may never know.

See you at the next meeting.

Lorrie Sez:

Hi everybody,

Hope you are looking forward to this October theme gathering. It will be an event to remember. Wear your togas or dress accordingly. The theme is Roman / Grecian. Come as your favorite gladiator, slave or Goddess. Just have fun. Don't forget to bring your cameras!

It was nice seeing some familiar faces back at the club again. Hope Chuck's foot is doing well. If you know anyone who needs our prayers let us know. Jerry is doing fine, just more tests and we will finally know what happened. To add more drama I got bitten by a Rottweiler and ended in the emergency. And of all things my metal detecting arm. But I am good now.

If anyone would like to bring some goodies to the event, the main course are grapes, fruits, such as plums and pears, cheese and bread. Roman style. I'll supply the beverage. Every little bit helps.

See you there. Lorrie

Hear ye, Hear ye, Hear ye

My fellow Romans, the Emperor of Rome invites all lords, ladies their servants and soldiers for a gathering at the Colosseum.

**Held on Octo VIII, MMX
at the glamorously opulent
Imperial Palace.**

“Wear Your Togas”

If you don't, you will fall into the loser category and will be sold as slaves, and thrown to the Lions!

“Go with the theme”

If we suspect you are not having fun, you will be escorted by Dominus Praetorium Guards and exiled to a near by island!

Prizes awarded for most authentic, Roman Goddess, slave, gladiator, a figure of Greek mythology, “you get the picture”.

There will be plenty of over indulgence of food and drink!

**“There will be
NO CATAPULT
practice!”**
