SICK CHILD POLICY

We are asking for your continued cooperation in assisting us to control the spread of communicable disease at Smart Start Pre-Prep.

Please inform us immediately if any contact information changes.

Please do not send your child to Smart Start if any of the signs/symptoms listed below are present:

1. Vomiting or diarrhea within past 24 hours
2. Fever within past 24 hours
3. Sore/red throat
4. Persistent coughing or sneezing
5. Red eyes with discharge
6. Earache, drainage from ear
7. Excessive mucus from nose(runny nose); particularly greenish-yellow mucus
8. Head Lice (child shall not return until treatment has occurred. Verification of treatment may include a product box, box top, empty bottle or signed statement by parent that treatment occurred.)

Your child may return to Smart Start when the signs/symptoms are gone for 24 hours or when your physician provides a written statement indicating your child is ready to return.

If your child is sick with any of the above symptoms, please call and tell us when we can expect his/her return. Please remember that this is not the place for sick children. If we all work together to keep germs down, the children will stay healthy and everyone will miss fewer days from work.
