Lions District 29L Newsletter April, 2024

Vol 10

DISTRICT GOVERNOR DAN HEINTZMAN

Greetings Lions of 29L and happy spring!!!! With the advent of spring, it is also baseball season. Here is to hoping my Pittsburgh Pirates raise the Jolly Roger many times this year.

I want to thank everyone who attended my district conference on March 16. We had a wonderful time and PID Justin Faber was a great guest. He provided us with a great message from LCI. We also had two other great speakers. C.R. Howdysshell is an old high school classmate of mine and we recounted our days at good old Sistersville High School. We also had Yvonne from the WV Dept of Rehabilitation speaking on their elderly VISION program. We are looking forward to partnering with her agency to promote vision with our seniors. We also raised nearly \$38,000 for various Lions charities during the Parade of Checks. Thanks to all the Clubs in 29L for their wonderful donations. PID Justin inducted new member Lion Chad Emrick into the Vienna Club Branch of the Friendly Lions Club, helped me present a 50 year chevron to PID Larry Johnson, and awarded three Presidential Certificates of Appreciation to PDG Terry Snyder, CST Kim Ebert, and Lion Bobette Grimm.

April 26-28 is the West Virginia Lions State Convention at Glade Springs, WV. Our guest will be Past International President Joe Preston. It will be a very busy weekend. Along with the business session on Saturday, we will hold district elections on Sunday morning. Credentials are being mailed to Clubs. The number of credentials issued based on Club membership has not changed, but the formula LCI uses to count the number of Club members towards voting delegates has changed. This was voted on at the convention in Boston last summer. Family members are now counted towards one Club member and Lions being members

less than a year and a day are not counted towards the total. Any specific questions regarding credentials need to be addressed to PCC Cindy Glass who is MD29 secretary treasurer.

I was so pleased with the challenge I gave my Clubs on "Leap Into Service Day" on February 29. 9 Clubs and counting did service projects. I am asking Clubs to take two more challenges. On April 8, we will have a solar eclipse. I am asking Clubs to do a service project related to either assisting the blind or geared towards vision. I am also asking Clubs to visit their local election polls and take a plate of goodies for the poll workers. I am asking that before you do that, please check with your County clerk's office. When you do those service projects, please make sure you post your pics with Lion Josie so she can put them in the newsletter.

We also have information about the new Lions portal. More info is posted elsewhere in the newsletter. I am asking all Clubs to make sure their officers are reported for next year by April 12. Once the system goes dark on that date, nothing will come back until May 13. If you need help putting officers in the system before that date, please let PDG Terry Snyder (lionterry55@gmail.com) so she can get them in for you.

I hope I can finish the year strong. Three more months to go and still much more work to do. Whatever I can do to assist any Club, please reach out to me.

NEWS FROM THE GLOBAL LEADERSHIP TEAM

Our District Conference is over, but that doesn't mean the year is over. There is still a lot to do.

As a reminder, the new Portal will be here sooner than we expected. Clubs need to report their Officers by April 11, 2024, as MyLCI and MyLion will go dark on April 12.

The Portal will come on line April 15. Between April 15 and May 13, if you have an email listed, you will be invited to sign in to the new Portal. After May 13, anyone who tries to use the old system will be redirected to the Portal.

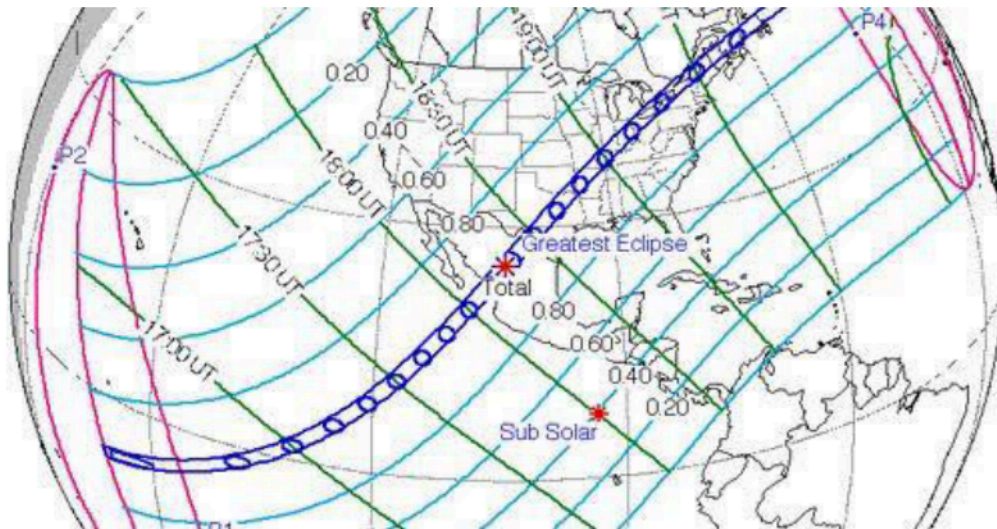

Make sure you have a valid email address. You will not be able to sign in with a phone number on the Portal. Anyone wishing to use the Portal must have their own email address. There can be no shared emails.

Don't forget about the New Member Orientation on April 30 on Google Meets! If you wish to attend, contact DG Dan to send you the link. It should also be posted on the 29L Facebook page. Anyone is welcome to attend, but new members, especially, are encouraged to attend

If I can be of assistance, please contact me and I will help as best I can.

Yours in Lionism, GLT Chair Terry Snyder lionterry55@gmail.com 304-479-8067

THE FUTURE OF WV LIONISM – LEOS

I was so impressed with the results of my "Leap Into Service" Day challenge that I am doing it again. This time, I challenge the Clubs in 29L to do something sight related for Eclipse Day on April 8. For 4.5 minutes that day, the moon will completely black out the sun. Imagine being blind and living completely in the dark. Nearly 100 years ago Helen Keller challenged Lions to be "knights of the blind." I challenge my Clubs to do whatever kind of service project related to blindness or sight preservation. Several Clubs have their own sight equipment. If you want to borrow the district sight equipment, ask Mike Kelly of the Ravenswood Club or Margaret Stenger of the Warwood Club to use the equipment. Any questions, please let me know and I will answer them.

HEADS UP about the new Lions Portal

The existing system is scheduled to go-offline on April 12 and it is never planned to come back on-line.

The New Portal system is scheduled to go-online on May 13. Yes, there will be 31 days where you will not be able to access either system. This is so they can convert the data.

Between the dates of April 15 and May 13, emails will start going out so you can start creating your new accounts in the new System. To receive one of these invites, you must have a valid and unique email address assigned to your current Membership records. Unique means that it cannot be shared with anyone else. Club Presidents and Secretaries, please make sure your new year Club officers are entered before April 12. Also, try to update your existing Lions' Membership information with valid phone numbers, email addresses, and mailing addresses. Doing this sooner than later may save you some headaches.

Please go to lionsclubs.org for more info on the new portal.

Attention Club secretaries, if your club has service projects that need to be reported to LCI and you are unable to report it, please email PDG Terry Snyder (lionterry55@gmail.com) and she will report it for you. I really want to finish my year as DG strong, so we will have as many Club service projects reported as possible.

OHIO COUNTY VIRTUAL LIONS CLUB

The Ohio County Virtual Lions are having a Steak Fry on April 27 at the Warwood Vets Club. Bring a friend and enjoy a steak and chicken dinner prepared by Outback. Your support of this event helps us serve the children of Ohio County in a variety of ways.

In addition to our wildflower seed packets project, Lion Mike Rafa worked 4.5 hours collecting and sorting plastic for our Trex bench partnership, as part of the Leap Into Service challenge in District 29L. The Bags to Benches program collects, sorts, weighs, and delivers "squishy" plastic (think grocery bags, the wrapping around toilet paper, paper, towels, and bottled water). Once it's delivered, it goes to a recycling center where Trex reuses the plastic to make composite decking. With our partnership, every 1,000 pounds of plastic recycled, the Ohio County Virtual Lions Club earns a Trex Bench that is placed throughout the community. Additional information can be found at: <https://ohiocountyvirtuallions.club/recycling/>

District Governor Rhonda Smith
District 29 C

I have thoroughly enjoyed serving as District Governor for 29C. It has been a pleasure to work alongside District Governor Kermit Hawley and District Governor Dan Heintzman, as well as the District Cabinet members.

Meeting other Lions with so much passion for serving their communities was very uplifting. I have enjoyed the club visits and hearing about so many great service and fundraising projects. I appreciate the hospitality that has been extended to me by each club.

It is quite rewarding to see progress such as the Concord University Campus Club, the WV Eye Can Lions Club, and the Alum Creek Cub Club. The enthusiasm of these new Lions is remarkable and should be an inspiration to all Lions! These new clubs represent the future of Lionism and prove there are still people willing to serve. We just need to work harder at finding these individuals.

Service reporting has increased! For this, I thank those of you who took the time to learn how to report and for completing the task.

I have learned so much this year and have made so many friends through this experience. I must acknowledge PID Bob Browning for talking me into taking this position and having a little faith in me. My daughter, Kendra Wilson, has been instrumental in so many ways. She has done a wonderful job with the district newsletter. She also attended and helped with the conference and opened the door for our Concord University Campus Club. I need to thank that guy you always see tagging along with me. Without Pete Johnson, I would not even be a Lion today. He introduced me to this organization and has mentored me from the beginning. I could not have served in this position without his guidance and support.

**District Governor Kermit Hawley
District 29 I**

This has been quite a year from beginning to the end. Thank you to the Lions of District 29 -I. You have become a part of my family. The friendships I have made, the courtesies extended to me, and the overall Lionism I have experienced have made it an amazing time. Thank You!

Becoming the District Director for District 29 -I was not what I had planned for in my Lions journey. In reflecting back to my initial induction to Lionism and now saying goodbye to my term as District Governor, I have had quite a ride.

Our focus this Lion year has been directed towards providing training opportunities for our members. Direct training for the club officers through face-to-face training, and indirect training through the Lions Learn Portal. All presidents and Secretaries with internet capability were provided with the opportunity to take the “Learn” courses. In addition, as part of our succession training, all First Vice Presidents with internet access were asked to go into the “Learn” Portal and take the courses designated for the President so they can have a heads up on their move into the presidency. Training is not just learning new information; it is also learning where to find the answers. Training is an ongoing process and we should strive to ensure that our club officers are provided with the tools needed to perform their duties. I began a “Welcome” package for our new members consisting of a welcome message, Orientation Manual, copy of Standard Club Structure and a list of acronyms.

We have conducted a “Satisfaction” survey of all Lion members in our District. This was accomplished through paper survey due to lack of adequate internet access in several of our clubs. The major issue was in obtaining the survey’s results due to the loss of two Zone Chairs prior to surveys being completed.

My journey this year has been one of amazement as to what Lions and Lion Clubs can do. Each club is unique and with good leadership, enthusiasm for life, and positive thinking, most of them will continue to be an asset to their communities and beyond for many more years.

I would like to take a moment to express my sincere appreciation and thanks to my wife, Judy, who traveled with me through this Journey. Being my partner in the conference activities and working with me on my duties and being a part of my club visits has been a blessing to me and Lionism.

I would also like to express my appreciation to those members who mentored me along the way. Lions Sue and Doug Long and Lions Steve and Cindy Glass. Thank You!

**District Governor Dan Heintzman
District 29L**

Wow, what a ride. This has been an amazing experience and one I will cherish forever. The Clubs I have visited, the Lions I have met, and the journeys I have made. None of this would be possible if it were not for some great mentors I have been privileged to have met. It also would not have been possible if not for the hard-working team under me. I can see two or three future DG's currently on my team. Nothing would make me happier if that happens. I also cannot do this job without the support of my home Friendly Lions Club. Thank you, Friendly Lions, for your patience, understanding, and for starting another Club branch in Vienna, WV. I also am very honored to know that this venture is not possible without the love and support of my wife Lion Charlotte. I love her to the moon and back. We still have three more months to go. Still, plenty of time for my Clubs to be visible and active. Still time to grow membership and start a new Club or a Club branch. Still time to bring in new members. And still time to do a new service project. Thank you, Lions, of 29L!!!! "Proud 2 B A Lion. R U?"

**Past District Governor Gary Pitcock
WV Lions Sight Conservation Foundation**

It has been a great year for the Sight Foundation. We have accomplished some great things. We have new eye screening machines for each District and we have received very generous donations from our Lions Clubs throughout WV.

We look forward to working with WVU Eye Institute on further projects as well as working with the Lions of WV.

We hope to purchase more equipment in the future for our Districts.

It has been a pleasure serving as President of the Sight Foundation and I thank all of our outstanding trustees. Without these trustees and their commitment to the Foundation, very little would be accomplished. They are great Lions.

Thank you for your service to all in need in WV.
