4	First Year Annual Fee	[C]	1	\$ 450	\$ 450
TOTAL					\$ 5,010

FOOTNOTES

- A** DocuScan Application Interface - This is a companion product to the DocuScan Base Software package that allows access to the DocuScan application from within your Civica application software. A separate application interface fee is required for each Civica application being interfaced. Please note that if more than one application is interfaced to the same DocuScan data base, stored images will share the same system disk volumes. If the client requires separate system disk volumes for document storage, a separate DocuScan Base Software License must be purchased.
- B** These fees cover the installation and training, as well as remote help desk support. These services are required to successfully implement the applications listed.
- C** Annual License Fees are required and include remote support. Remote support is available 8:00 AM to 5:00 PM Monday through Friday (EST), except Civica scheduled holidays. The first year annual fee will be pro-rated through the current calendar year and invoiced upon contract signature.

NOTES

Civica Standard Terms and Conditions Apply

Terms: An invoice for the total cost will be sent upon receipt of the signed quote, with payment due upon receipt of invoice

Your authorized signature or attached purchase order makes this a binding contractual agreement subject to all the standard Civica terms and conditions. Please fax signed order to 937-836-1036.
