

**INDIA'S FIRST - Arrhythmia Support Network celebrates- Start of First Atrial Fibrillation & Ventricular Arrhythmia Clinic of North India & Atrial Fibrillation Awareness Month – September**

**Punjab's First - ATRIAL FIBRILLATION & VENTRICULAR ARRHYTHMIA – STATE OF ART SYMPOSIUM – 2023 , Ludhiana , Punjab – 9<sup>th</sup> September, 2023**

**Basic & Advanced ECG Course , Cardiac Arrhythmic Emergencies , State of art treatment & technologies : What a physician should know - HEART RHYTHM DISORDERS ARE CURABLE : LETS KILL YOUR ARRHYTHMIA BEFORE IT KILLS YOU**

*Cardiac arrhythmias are the leading cause of sudden cardiac death, stroke.*

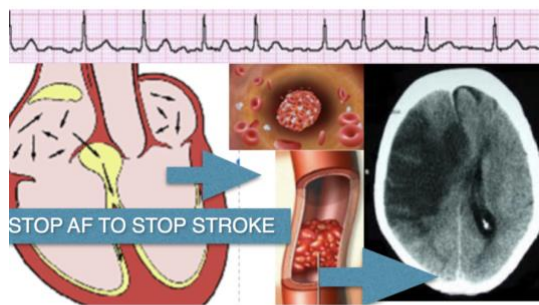

Sudden cardiac arrest (SCA) claims one life every two minutes, taking more lives each year than breast cancer, lung cancer, or AIDS.

**Responding to SCA — Time is Everything - Lost Time Is never found again**

Ninety-five percent of those who experience SCA die because they do not receive life-saving defibrillation within four to six minutes, before brain and permanent death start to occur.

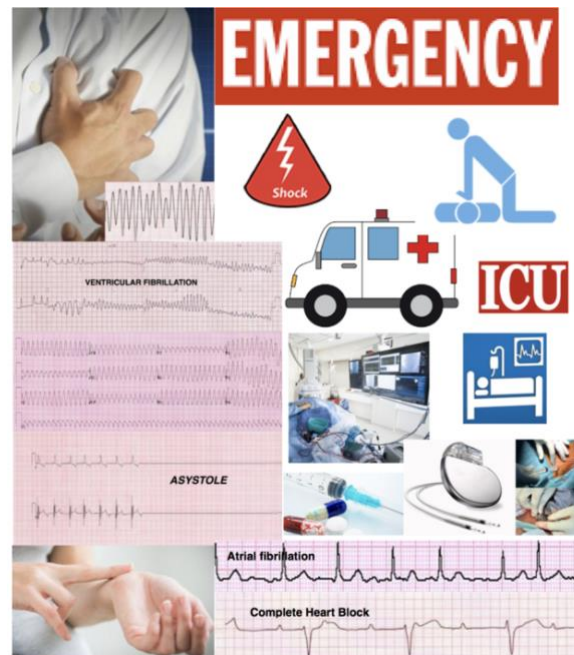

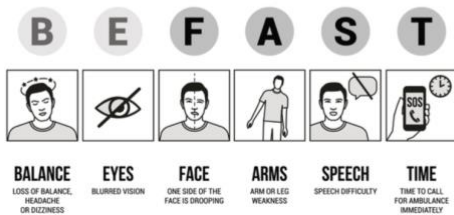

*Accurate & swift ECG interpretation is the key to management of cardiac emergencies. Now there are technological advances to treat and cure ventricular arrhythmias & atrial fibrillation.*

**Course Details:** *The course aims to empower delegates to develop, enhance, appraise and understand evidence-based knowledge related to electrocardiographic interpretation and treatment of cardiac arrhythmic & advanced ablation therapies available to cure even atrial fibrillation & ventricular arrhythmias.*

## SPOT A STROKE

IF YOU FIND FOLLOWING WARNING SIGNS ACT FAST

## Agenda

**4.30 – 5.00 pm : Registration & Inauguration**

**5.00 – 5.45 pm : Basic & Advanced ECG Course - Arrhythmia Recognition & Emergency Management** : Dr Rohit Walia , Christian Medical College , Ludhiana

**5.50 – 6.10 pm : Medical Management of Atrial Fibrillation** : Prof. Saurabh Mehrotra , PGI Chandigarh

**6.20 – 6.40 pm : Time is Brain – Acute Stroke Management :**

**6.50 – 7.20 pm : Catheter Ablation of Atrial Fibrillation:** Dr Rohit Walia , Christian Medical College , Ludhiana

**7.30 – 8.00 pm : Paediatric Arrhythmia & Management** : Dr Atul Prabhu , Narayana Institute of Cardiovascular Science , Bangalore

**8.10 – 8.30 pm : Lost Time is Never Found Again - Management of Sudden Cardiac Arrest :** Prof Vikas Saini , PGI Chandigarh

**8.40 – 9.00 pm : Devices for Sudden cardiac Arrest Prevention** : Prof Deepesh Aggarwal , Gandhi Medical College , Jaipur

**9.10 – 9.30 pm : Catheter Ablation of Ventricular Arrhythmia :** Dr Rohit Walia , Christian Medical College , Ludhiana

9.30 pm – 11.00 pm : Thanks f/b Dinner & Musical Night

**Venue :** Hotel Palm Court , Octroi post Ferozepur road, Ludhiana, Punjab 141001.  
Reservations for accommodation : +91 7347000673

**REGISTRATION FEES :** Physicians – Rs 2500 , Students & fellows – complimentary. An opportunity for cardiologist , physicians, students to witness and understand **Punjab's First** Atrial Fibrillation & Ventricular Arrhythmia State of Art Symposium. Registration :  
Email – [pulseislife1@gmail.com](mailto:pulseislife1@gmail.com)

### Course Director

**Dr Rohit Walia**

**Founder Chairman India's First Arrhythmia Support Network**

*MD, DNB ,DM (Cardiology ) – SGPGI Lucknow*

*Post-Doctoral Fellowship - Electrophysiology & Devices Post-Doctoral*

*Fellowship – Advanced Electrophysiology ( Atrial Fibrillation &*

*Ventricular Arrhythmia Ablation) ( Taiwan, Germany ,USA)*

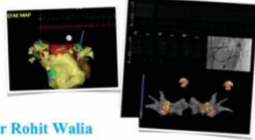

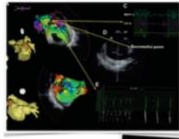

Email: [pulseislife1@gmail.com](mailto:pulseislife1@gmail.com)

***The noblest question in the world is what good may I do in it***

**Launch of First in India Books on Atrial Fibrillation & Ventricular Arrhythmia Ablation & Physiological Pacing & Cardiac Resynchronisation Therapy ( Order on [www.arrhythmiasupport.com](http://www.arrhythmiasupport.com) , [pulseislife1@gmail.com](mailto:pulseislife1@gmail.com))**

Technique & Art of Atrial  
Fibrillation Ablation: First Edition

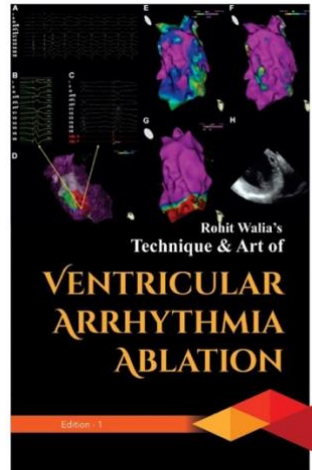

Dr Rohit Walia

ARRHYTHMIA SUPPORT NETWORK : Pulse is Life

A-Fib, Sudden Cardiac Arrest Support Network: Act Fast Keep Beating

Technique & Art of Physiological  
Cardiac Pacing & Resynchronisation

Edited by : Dr Rohit Walia

**ELECTROPHYSIOLOGY , PACEMAKER & DEVICE CLINIC : MONDAY 9 AM TO 5 PM**  
**24 X 7 EMERGENCY FOR CARDIOLOGY & ARRHYTHMIC DISORDERS, CATHETER ABLATION**  
**OF ALL CARDIAC ARRHYTHMIA INCLUDING ATRIAL FIBRILLATION & VENTRICULAR**  
**ARRHYTHMIA ABLATION , ADVANCED PACING ,**  
**CARDIAC DEVICES FOR HEART FAILURE , VALVULAR HEART DISEASE , IMPLANATABLE**  
**DEFIBRILLATOR , CARDIAC RESYNCHRONISATION THERAPY**
