

Challenges & Solutions in Cardiovascular Care 2023

Ludhiana, Punjab: 10 th June, 2023

Welcome Delegates,

It is a great pleasure to invite you to Ludhiana for a scientific meeting to discuss the challenges, technologies, and newer scientific developments in the field of cardiovascular medicine.

Challenges are a part of life. They frighten many but also fill some with strength, courage and stimulate innovation to find a solution. Every day in our daily practice we as doctors face unique patient related challenges and work, innovate, research to find solutions to help our patients overcome their disease. We battle and fight the challenges thrown on us by patients daily. We all might have felt the need for something new, something better or something simpler to treat our patients when routine stuff is not working.

“The Challenges & Solutions in Cardiovascular Care conference” aims to bring master mentors to teach and discuss latest technological innovations and scientific evidence which has resulted in paradigm shift in the way we treat coronary artery disease, valvular heart diseases, heart rhythm problems like atrial fibrillation and ventricular arrhythmia ablation and provide better care of heart failure and congenital heart disease patients. We want to develop a platform to facilitate interaction & exchange of knowledge, ideas and fostering collaboration between cardiology community to develop better solutions for curing and treating cardiovascular diseases.

Sudden cardiac arrest is number one killer in the world. With the latest advances in treatment of disorders leading to sudden cardiac death or other heart rhythm disorders like it is possible to prevent these deaths. *World cardiopulmonary resuscitation and automated external defibrillation awareness week and World Heart Rhythm Awareness Week* are being celebrated in the month of June to improve the awareness regarding Sudden Cardiac Death. To celebrate the same, we have included interesting talks focused on newer advances in atrial fibrillation & ventricular arrhythmia ablation. Theme for public awareness is **“ELIMINATE PREVENTABLE DEATHS - ITS POSSIBLE TO KILL YOUR ARRHYTHMIA BEFORE IT KILLS YOU”**.

This course is intended for clinical cardiologists, cardiac surgeons, family physicians, internists, cardiac radiologist, physician assistants, nurse practitioners and allied health personnel with interest in cardiovascular issues.

We wish you a pleasant stay and memorable academic experience in Punjab.

Best Regards,

Naveen Garg

Prof Naveen Garg

Course Director

Professor of Cardiology, Sanjay Gandhi Post Graduate Institute of Medical Science, Lucknow.

COURSE DIRECTORS

Professor Naveen Garg
MD, DM, DNB, FACC, FSCAI, FCSI
Interventional Cardiologist
Professor of Cardiology
Sanjay Gandhi PGI, Lucknow.

Dr Rohit Walia
MD,DNB,DM
Fellowship Electrophysiology & Intervention
(USA, Europe, Taiwan)
Associate Professor Cardiology
Christian Medical College, Ludhiana

Venue

Hotel Park Plaza
Ferozpur Road , Ludhiana , Punjab
Contact : **0161 437 8000**

Registration Request : pulseislife1@gmail.com

Scientific Agenda : 10 th June 2023

6.00 pm – Registration

6.30 pm – Welcome address & Course Overview and Learning Objectives

6.45 to 7.00 pm – *Acute Coronary Syndrome Interventions in young & women- challenges & the road ahead:* Prof. Sheeba Chabra, Dayanand Medical College, Ludhiana.

7.00 pm to 7.05 pm – Discussion

7.05 pm to 7.20 pm – *Achieving perfect cardiac resynchronisation:* Dr Praveen Shiv Kumar, Director of Cardiac Pacing & Electrophysiology, Aster Medicity, Kochi, Kerela.

7.20 pm to 7.25 pm – Discussion

7.25 pm to 7.40 pm – *Overcoming challenge of atrial fibrillation & ventricular arrhythmia & Sudden death: Let's Kill Your Arrhythmia before it kills you:* Dr Rohit Walia, Christian Medical College Ludhiana

7.40 pm to 7.45 pm – Discussion

7.45 pm to 8.15 pm– Top 10 Practice Changing Trials in Cardiology over last 1 year:
Prof Naveen Garg, Sanjay Gandhi PGI, Lucknow.

8.15 pm to 8.20 pm – Discussion

8.20 pm to 8.35 pm – Overcoming challenge of prosthetic valve degeneration: Prof
Preeti Gupta, Vardhman Medical College & Safdarjung Hospital, Delhi

8.35 pm to 8.40 pm – Discussion

8.40 pm to 8.55 pm – Indian Technique with Global Acceptance for transradial
navigation: Prof Naveen Garg, Sanjay Gandhi PGI, Lucknow.

8.55 pm to 9.00 pm – Discussion

9.00 pm: Conclusions & Vote of Thanks

ARRHYTHMIA SUPPORT NETWORK : Pulse is Life

A-Fib, Sudden Cardiac Arrest Support Network: Act Fast Keep Beating

[COMING SOON : FOURTH ATRIAL FIBRILLATION & VENTRICULAR ARRHYTHMIA STATE OF ART SYMPOSIUM 2023 : Registration request : Email – \[pulseislife1@gmail.com\]\(mailto:pulseislife1@gmail.com\)](#)
