Lamb Reservation Form

A \$100.00 deposit per lamb will reserve your lamb(s) for you. We do not guarantee color but will try our hardest to provide you with the color of your choosing. Deposits will not be refunded if you don't like the color choices available as that is up to Mother Nature, not us. Lamb choices are offered on the basis of the order in which deposits were received. Those putting in deposits earlier will have a better chance of picking out the colors of their choosing. Deposits are fully refundable if we are unable to provide you with the sex of your choosing and you do not want a lamb of the opposite sex than requested.

ALL ORDERS ARE FILLED IN THE ORDER OF WHICH CONTRACTS AND DEPOSITS ARE RECEIVED!

Southdown Babydoll Sheep For Sale

Registered Ram Lambs \$600.00

Registered Ewe Lambs \$800.00

Unregistered Wether Lambs . . \$350.00

Unregistered Ewe Lambs \$450.00

Mature Sheep – occasionally, inquire for pricing

Please Note: All sheep sold must have some type of predator protection provided prior to their sale.

*Unregistered wether lambs are banded at between 2-4 weeks of age. We are very careful about banding our lambs and try our best to make sure both testicles are dropped down into the scrotum and held there while releasing band. However, despite our best intentions, occasionally, a testicle slips back up into the body cavity when the band is released from the banding tool. We are not veterinarians and therefore DO NOT guarantee flawless results on banding. A retained testicle will render the lamb infertile. However it may still exhibit ram behavior as an adult. ALL BUYERS ARE WELCOME TO HAVE TESTICLES REMOVED BY A LICENSED VETERINARIAN AT THEIR EXPENSE IF THEY LIKE. Just let us know and we will be happy to make the arrangements. Or you can have us do it free of charge but with no guarantee of results.

We offer a 10% discount off your total purchase when you purchase 3 or more lambs!

The total price for my reserved lambs is: \$_____ for lambs.

My balance due on lambs prior to my picking them up is \$_____ .

No lambs will be held for purchase unless deposit is received on each lamb held!

We accept venmo, paypal & of course good old CASH!!

Balance owed on lamb(s) is due and payable 1 full week prior to them being picked up or delivered. We can deliver for a small delivery fee.

All lambs will be vaccinated with COVEXIN 8 (Includes CD&T), as well as be de-wormed and have their feet trimmed prior to pick-up/delivery. All lambs leave our facility healthy and sound.

In signing this contract the buyer hereby holds harmless Nelson Family Farm and/ or Sierra Nelson in the event of injury, illness, veterinarian bills or death that may occur once said lamb(s) have left their facility, as the safety and health of that lamb can no longer be monitored by us.

Purchaser acknowledges that sheep require certain care, feed and health maintenance and assume all responsibility for that said animals health and well-being. If Nelson Family Farm is delivering said lamb(s), buyer agrees to hold harmless Nelson Family Farm and/or Sierra Nelson in the event of injury, illness or death to said lamb(s) in transport.

There are several great books available online about raising and caring for sheep. Nelson Family Farm suggests that ALL first time lamb owners invest in such a book and read it fully. We recommend Storey's Guide to Raising Sheep, 5th Edition: Breeding, Care, Facilities by Paula Simmons and Carol Ekarius. There is a lot more to raising sheep than just feeding them twice a day.

Your lambs registration papers and health records will be transferred to buyer upon completion of sale. All registered lambs are guaranteed registration papers by one of the approved breed registries for that lamb(s) breed.

If purchaser does not complete the purchase of the lamb(s) by the agreed upon pickup/delivery date of said animal(s) they forfeit the already paid deposit and lamb(s) will be offered to another buyer. If choice of lamb is not available due to unavailability of chosen sex, illness or death (Color excluded), Nelson Family Farm will fully refund the deposit for that said animal(s) within 30 days. Purchaser has the right to inspect purchased lamb(s) at any time with phone call notice as long as sellers are there at facility. Sheep must have minerals. Please be sure you have a "Sheep Safe" mineral supplement available for your sheep as soon as they arrive. Safe sheep minerals should not contain more than 3-5ppm of copper. You can order sheep minerals many places online. **DO NOT FEED HORSE, GOAT OR CATTLE MINERALS TO SHEEP!** Horses, goats and cattle need copper in their diets. Copper is toxic to sheep. Please be sure your sheep have **NO ACCESS** to any minerals that aren't within the safe copper limits for sheep.
