

Good Afternoon, Fellas,

I have had a few people come in confused with what I am doing with the credit books. I am asking everyone to spend their credit book money down to \$50 or less by May 1<sup>st</sup> 2025. Then moving forward every May 1<sup>st</sup> your book will need to be down to that \$50 or less number. Some people have heard that they need to spend down their book or lose it by this May 1st. (Next Week). This is not the case. They have a whole year to work on getting their acct spent down. As always, any questions my door is always open.
