..... WISHING EVERYONE A HAPPY AND
HEALTHY NEW YEAR!!!.....

We hope that Christmas was a wonderful holiday and Santa was kind and filled everyone’s stocking with Golf goodies. I asked for golf tees, ball markers and a fresh supply of Callaway Yellow golf balls. My Hubby Dale wanted a new driver so I am hoping to get my “New” Cobra driver back that he borrowed last year when I got my new clubs.

The courses are in good shape and very healthy. I am hearing quite a few ladies have been bitten by those pesky fire ants. Scotty was waiting on the spray to get that little problem taken care of. Should you have a run in with the little pests put rubbing alcohol on those bites.

I see Scotty going by every morning doing his course inspections. Usually followed by the mowers and golf maintenance crew. These folks start their days at 5:30 am and fortunately for us and the courses Scotty has been able to keep the full staff compliment.

I ran into Greg Mullens and he gave me a great update. Thank you so much Greg.

News: Sand Traps have been raked, refilled and edging is happening now.

All the Tee Boxes have been over seeded on both courses.

Spraying is happening for the green worms.

14th Green 4 dead trees to come down.

Tee Boxes - Plans to replant with low maintenance plants and scrubs.

New Blades to cut the greens to make them faster

Spraying for the fire ants

January brings more golfers to the Ladies league... If you have a friend or neighbor that is interested in playing golf each Wednesday please introduce them to the Ladies 18 Hole Golf League.
